**** MS. REMSON SECONDED.**

**** THE MOTION TO ACCEPT THE MINUTES THE JULY 25, 2024 MEETING AS SUBMITTED PASSED UNANIMOUSLY.**

V. GENERAL DISCUSSION REGARDING LEGAL AND LOGISTICAL CONSIDERATIONS

Mr. D'Arinzo said that Atty. Mednick was present to assist the Committee in their work. Atty. Mednick said that there had been some questions raised in the July meeting. He said the Democratic Registrar had been very active in the process, but they had not heard from the Republican Registrar. Atty. Mednick explained that there had been suggestion to modify the rules in order to allow the Registrars to appoint designees.

Atty. Mednick then pointed out that there was a deadline of September 11th coming up from the July 11th initiation and suggested that there be a 30 day extension. This would move the date back to October 11th. He noted that it would be very important to have both political party registrars present and able to provide input to the meeting. Discussion followed about the details.

Atty. Mednick then gave an overview about the process and cited the 1962 court decision regarding redistricting. ARCBridge is an experienced company. He also briefly reviewed the standards that the City would need to meet. Keeping the districts as close to how they currently exist is also important.

Atty. Mednick then briefly spoke about the Taxing Districts, which is a different entity, and how this would be handled. These Districts were established by a Special Act of the State Legislature and cannot be modified unless it is approved by the State Legislature.

The main concern is the establishing the Council Districts and the Board of Education Districts. There have been some concerns about split districts due to the new plan. He then explained a possible solution to the issue may be having a separate tabular and possibly a separate moderator where there was overlap and gave the details.

Ms. Cece said that there was at least one area in Norwalk in the Nathan Hale area that had this issue. She noted that Mr. Wells, the Democratic Registrar, had raised this concern along with another potential area. She went on to say that with absentee and early voting, this situation will change. Discussion followed.

Mr. D'Arinzo asked if they would have a name of a designee by the next month. Atty. Mednick said that he would be working with the administration on this.

VI. FURTHER DISCUSSION OF REDISTRICTING – ARCBIDGE SUGGESTED BOUNDARY CHANGES

Mr. Sam Mathur said that they had three potential options for the Committee to consider. Ms. Priti Mathur then presented a report. She explained they had done an assessment based on the 2020 census and they are currently unbalanced. She then presented a PowerPoint slide deck and reviewed the various details with the Committee.

Mr. D'Arinzo said that the Committee would need to discuss this. Ms. Cece had a detailed question about the general population versus voting age population, which Ms. Mathur reviewed with her. Discussion followed.

Ms. Cece asked about a potential solution suggested by Mr. Wells. Ms. Mathur explained that Mr. Wells had based his suggestion on a paper map with numbers that were only estimates. ARCBridge uses the numbers from the Census. ARCBridge was able to incorporate some of his thoughts into one of their options.

VII. NEXT STEPS

Mr. D'Arinzo said he had spoken with Ms. Dixon and Atty. Candela about having a hybrid meeting rather than just a virtual meeting. He asked the Committee for their thoughts.

Ms. Penn-Williams joined the meeting at 7:01 p.m.

Ms. Penn-Williams said that she would prefer virtual. Ms. Remson said that she would like to attend at least one regular meeting. Ms. Cece said that she hoped that the hearing would be a hybrid meeting, but also mentioned that there were some people who would not be available before 7 p.m. Mr. D'Arinzo said he would prefer the virtual meetings other than Public Hearing.

Ms. Cece asked for clarification about the Public Hearing. Mr. D'Arinzo said he thought that they needed to have Republican presence before they can schedule a public hearing. He added that he would be in touch with Atty. Mednick and ARCBridge about the various details.

VIII. ADJOURNMENT

Mr. D'Arinzo announced that the next meeting would be on Thursday, August 15th. He adjourned the meeting at 7:07 p.m.

Respectfully submitted
