MEMORANDUM

DATE: December 3, 2018

TO: Harry Rilling, Mayor
The Members of the Board of Estimate & Taxation
The Members of the Common Council

FROM: Robert Barron, Chief Financial Officer 

RE: Planning and Zoning Special Appropriation-Plan of Conservation & Development

Attached is a request from the Planning and Zoning Department for a special appropriation in the amount of \$18,937 to satisfy remaining obligations to the city's Plan of Conservation & Development (POCD) consultant, STANTEC. The POCD project was funded by a total appropriation of \$200,000 comprised of \$50,000 in FYE 2017 and \$150,000 in FYE 2018.

At the end of FY 2018 the POCD project account had an available balance of \$18,937. This surplus was not carried forward as part of the annual year-end reserve process. Approval of this special appropriation will replenish the POCD project account to an amount sufficient to close out all invoices due to STANTEC. The funds for this special appropriation will be drawn down from FYE 2019 contingency balance.

The Finance Department recommends approval of the Special Appropriation request of \$18,937. This request will allow the Planning and Zoning department to meet its obligations to the city's POCD consultant.

ACTION REQUESTED:

1. RESOLUTION: Approve a special appropriation in the amount of \$18,937 to Planning and Zoning department account number 013730-5254 funded from contingency account number 019600-5900.

Memorandum

November 26, 2018

**To: Board of Estimates & Taxation
Robert Barron, CFO**

From: Steve Kleppin, Planning & Zoning Director

Re: Special Appropriation Request, Plan of Conservation & Development

The Plan of Conservation and Development was funded in FYE17 with a \$50,000 appropriation and FYE18 with an additional \$150,000 for a total of \$200,000. At the close of this past fiscal year there was \$18,937 remaining unspent of the total appropriated for the project.

I failed to request that this surplus be carried forward for use in this fiscal year as I mistakenly believed that the purchase order would remain open past the June 30, 2018 fiscal year close. I believed that this surplus would have the same treatment as a capital project, but now understand that the operating budget is a single-year budget whereas the capital budget is a multi-year budget.

I apologize for my error, but still need the funds available to make the remaining payments to the POCD consultant, STANTEC. It should be stated that the total funds spent on the project will not exceed what was appropriated.

Please let me know if you have any questions.

CITY OF NORWALK TRANSFERS 2018-19 **BOARD OF ESTIMATE AND TAXATION**

FISCAL YEAR 2018-19:

POLICE DEPARTMENT:

01-3065-5110	Wages & Salary - Regular	01-3061-5120	Wages & Salary – Overtime	4,000
			Total	\$35,241

The above transfers are being requested to cover overtime for an extended medical leave from December 2017 to present which will be ongoing for the foreseeable future, a records clerk vacancy from January 2018 to November 1 2018 and intermittent leave for other employees.

The police department has standards and requirements that must be met such as State Coding Minimums. The accounts being funded house employees that are currently performing more than one function. They do this partly with overtime hours. Some of the work is to maintain coding standards and some is related to continuing operations.

In a small department, all of the staff have a second back-up function to cover overflow needs. That is why so many accounts are affected by these transfers.

The regular wage account surpluses are related to the following:

013010-5110 - **\$8,565** Surplus:

Step 5 position vacant in Administration for 6 weeks for a total surplus of \$8,565

013061-5110 -- **\$20,068** Surplus

Step 5 vacancy for 17 weeks in Purchasing & Book keeping for a total surplus of \$20,068.

013065-5110 -- **\$6,608** Surplus

New hire at lower Step from Step 5 to Step 1 for a total surplus of \$6,608.

These transfers will satisfy the overtime needs for the remainder of FYE 2019.

Finance recommends approval.

October 2018 Financial Commentary

Balance Sheet

Cash is lower than the prior year by \$191k and unpaid Bond interest is \$50k vs \$0 last year offset by lower Accounts Payable and accrued expenses of \$29k and higher Accounts Receivable of \$7k. This leaves us at a net deficit cash position of \$205k which is \$36k worse than previous month, driven by poor revenues for the month.

October Month vs Prior Year Month

Golf Revenue is lower than the prior year month by \$38k driven by lower green fees and cart rentals due to poor/rainy weather, offset by an increase in outings of \$6k. In addition, other revenue is down by \$6k due to restaurant rent.

Personnel and employee benefits expenses are \$4k lower than prior year month spread across all departments – less workers needed with all the rain we received.

Administrative expenses are up \$5k driven by adjustments made to the utility expenses allocated to the food and beverage operator.

Sales & Operations are \$2k for kitchen gas and coolant maintenance.

Park Maintenance is \$24k lower than prior year month driven by water (\$17k) and grounds maintenance (\$7k). Some of the water underage is timing as not enough was accrued in September of 2017 during a time that it was dry so the combined Sep-Oct expense was pretty large last year vs. this year when we have had heavy rain not just in the summer but into autumn as well. The grounds maintenance is just timing – \$7k in expense will hit in November.

Cart Expenses are less than \$7k lower than prior year month.

Operating Income is \$16k lower than the prior year month attributable to unfavorable revenue of \$44 and favorable expenses of \$28k.

October YTD vs Prior YTD

Golf Revenue is lower by \$73k year over year for the four month period, as well as lower Other Revenue of \$39k due to restaurant rent and tennis rent.

Personnel and employee benefits expenses are lower by \$23k, some of which relates to maintenance workers being out on worker's comp or for personal reasons for a short period at the end of the summer.

Administrative expenses are \$8k higher than same period last year driven by additional utilities in the new Clubhouse.

Sales & Operations is \$9k higher driven by repairs and maintenance on the Clubhouse and restaurant equipment.

Park Maintenance is \$10k lower driven by lower water (\$20), offset by more Ag&Chem (\$10k) utilized due to rainy, humid weather and irrigation maintenance due to necessary repairs and maintenance. There is also a \$6k underage in grounds maintenance that will hit next month.

Cart expenses are higher by 4k.

Operating Income is lower than the prior year by \$101k due to unfavorable revenue of \$112k and favorable expenses of \$11k.

Budget

We are nearly complete with our FY19 Budget.

Re: Narrative for October, 2018 Tax Collector's Report

As of the end of October, 2018, four months into the current fiscal year, we had collected in excess of \$170 million, or **53.02%** of our nearly \$322 million adjusted tax levy. In addition, as of the end of October, 2018, we collected in excess of \$8 million of our sewer use levy, or **51.03%**. We also collected 78.43% of the year's IPP (Industrial Pretreatment Program) fee on behalf of the Water Pollution Control Authority. Compared with the prior fiscal year, we are very slightly behind with regard to both current taxes (.10%) and sewer use (.01%).

Also, through the month of October 2018, we showed a net collection of nearly \$2.6 million in back taxes, interest, lien fees and other fees. This amount is nearly \$1 million more than what had been collected in the prior fiscal year as of the end of October. The July 2018 tax sale contributed to robust delinquent collections at the end of the prior fiscal year, and the beginning of the current one. Please note that our figures are *net of refunds and credits* that have to be given due to court cases where taxpayers successfully appealed their assessment and were due money back.

We are mailed delinquent notices, called 'demand for payment' notices, to Norwalk taxpayers, in mid September. The term, 'demand' is prescribed by state law, and is not intended to imply rudeness. We are required to 'demand' payment prior to pursuing collection enforcement. Demands are sent in the fall, and then again in the spring. We are now prepared to embark on the second installment billing, which will be due January 1 and payable by February 1, 2019. We hope to have bills in the mail by the second week of December, in order to allow taxpayers to budget their money wisely prior to holiday shopping and also to avoid holiday mail.

We are still dealing with paperwork and mailings relative to the tax sale. We started with more than 220 properties in the sale. Most of the properties involved paid off prior to the actual sale. We sold 15 properties. There were no bids on two, and two were removed due to bankruptcy filings by the owners. All 11 boat slips offered were sold in this sale, which was our 4th tax sale attempt. The total amount we collected through the tax sale was in excess of **\$5.03 million**. The redemption period for the sale expires on January 23, 2019, meaning the owners have until that time to redeem their properties by paying off the bidders. So far, **five** of the 15 properties (not counting boat slips) that we sold have already redeemed. We anticipate our next sale will be in July 2020. We will start planning for that sale a year from now, in November 2019.

Since 2019 is not a tax sale year, we will focus on business personal property and motor vehicle collection enforcement over the next 12 months. Maintaining a high current collection rate by efficiently enforcing collection of past due taxes allows budget making authorities to set lower mill rates, because there can be less of an 'allowance' for anticipated uncollectibles. When taxpayers fail to pay on time, the city is nonetheless committed to spending to bring to fruition all of the programs planned for that fiscal year. Mill rates are set slightly higher to allow for 'uncollected taxes'. However, if we keep the current tax collection rate high, that 'uncollectible' amount can be less.
