**CITY OF NORWALK  
BOARD OF ESTIMATE & TAXATION  
REGULAR MEETING  
MAY 6, 2013**

ATTENDANCE: Fred Wilms, Chair; Mayor Richard Moccia; Erik Anderson;  
John Federici; James Feigenbaum; Michael Kolman

STAFF: Erin Herring, City Clerk; Thomas Hamilton, Finance Director;  
Robert Barron Director of Management & Budgets

Mr. Wilms called the meeting to order at 7:30 p.m. Ms. Herring called the Roll. A quorum was present.

**APPROVAL OF FY 2013-14 OPERATING BUDGET & TAX RATES**

Mr. Barron explained the item and said that the information was provided in the meeting packets. He explained that there were three areas where expenses were decreased: Public Works, Information Technology and Settled Contracts. The proposed final budget is \$636,420 less than the budget cap set by the Common Council and \$430,035 than the Tentative approved budget. The budget cap is the expenses less the intergovernmental revenue.

Mr. Hamilton explained that a home in the fourth district with a median assessed value of \$287,945 will pay \$243.13 more.

Mr. Barron highlighted final FY 2013-14 Board of Estimate and Taxation proposed budget.

Mr. Kolman suggested splitting \$636,000 into three groups and returning a third to the taxpayers, a third to the Board of Education and putting a third into the fund balance. Mayor Moccia explained that the problem is that they need to leave reserves because they are not sure how much the City will get from the State. Mr. Hamilton added that he did not think they could make adjustment because they do not have a basis to make them. Mayor Moccia said that it was unfortunate that they are at the mercy of other entities. He said that he has been in Hartford several times in the past month and a half and said that the Governor's budget does not serve Norwalk well.

Mr. Kolman asked what reserve will be tapped if they do not get State aid. Mr. Hamilton said that he does not know what the final numbers will look like. If the State

aid that the Board of Education anticipates does not come in, they will look for other strategies to bridge any gaps. The Governor had proposed eliminating a number of grant programs.

Mayor Moccia talked about LCIP and said that school safety is very important. He said that he believes that those funds can be used for school safety. He stressed that the number one priority outside of education is school safety.

Mr. Wilms said that he noticed a shift in conversations with the Board of Education this year. He said that he had formal meetings with them and the books are more professionally presented and found that he was able to have regular conversations with them. Mr. Wilms said that he felt they came out with a reasonable request and that they were on a very good track until the bombshell came from the State. He said that he will continue to have conversations with the Board of Education to find a way to bridge the gap.

**\*\* MAYOR MOCCIA MOVED APPROVAL OF FY 2013-14 OPERATING BUDGET & TAX RATES AS PRESENTED**

Mr. Wilms said that no budget is perfect and that he wishes he could find a way to make everyone happy. There will always have to be compromises. He said that they have a balanced budget within the Common Council cap. The budget allows them to hire three new Police officers who will be stationed in the schools. He added that he likes that groups are being held accountable.

Mr. Wilms said that he supports this budget; it is a compromise and represents that they are turning a corner. Mayor Moccia agreed.

**\*\* MOTION PASSED UNANIMOUSLY BY ROLL CALL VOTE WITH SIX (6) VOTES IN FAVOR (MR. WILMS; MAYOR MOCCIA; MR. ANDERSON; MR. FEDERICI; MR. FEIGENBAUM; MR. KOLMAN)**

**FISCAL YEAR 2012-13:**

**Item 1:**

## MEMORANDUM

DATE: June 3, 2013

TO: The Members of the Board of Estimate and Taxation

FROM: Robert Barron, Director of Management & Budgets

RE: Budget Transfer-Assessor Revaluation Temporary Wages

---

The City of Norwalk's Tax Assessor requests that \$17,000 be transferred from its Tax Assessor Revaluation organization's Other Professional Services account to its Tax Assessor organization's Temporary Wages account.

A total of \$1,100,000 was budgeted in the Tax Assessor Revaluation organization's Other Professional Services account for the October 1, 2013 revaluation work. The approved contract for Vision Governmental Solutions was for \$1,028,000 and the remaining \$72,000 was for ancillary services, i.e. GIS work and Mailing costs.

This \$17,000 transfer request represents the GIS work that will have been charged to the Tax Assessor's temporary wage account through 5/17/2013. Any remaining work until the end of the fiscal year will be covered through available part time wages.

Finance recommends approval of this request.

**To: Members of the Finance Committee of the Common Council**

**From: Frederic J. Gilden, Comptroller** 

**Subject: Capital Authorization and Bonding Authority**

The Capital Projects process begins with Department Requests and continues through Finance Director recommended, Planning Commission, Mayor and Common Council approval. The Capital budget for next year was approved by the City of Norwalk Common Council in April. The next step in the process is Council approval to allow Capital Projects for 2013-2014 to be bonded. This is the approval that we are asking for now. The final steps will be the bond resolution which is projected for June and then the bond sale that is projected for the July/August timeframe.

The attached resolution consists of two parts. The first part reaffirms the Capital Budget appropriation and the second part authorizes the bonding authority. The bonding authority is less than the appropriation and takes into account any grant or state funding.

**The Resolution:**

RESOLUTION MAKING APPROPRIATIONS FOR VARIOUS PUBLIC IMPROVEMENTS AGGREGATING \$19,684,000 FOR THE 2013-2014 CAPITAL BUDGET AND AUTHORIZING THE ISSUANCE OF \$15,653,000 GENERAL OBLIGATION BONDS OF THE CITY TO MEET CERTAIN APPROPRIATIONS IN THE 2013-2014 CAPITAL BUDGET.

**GRAND TOTAL 2013-2014 CAPITAL BUDGET** \$15,653,000

Section 3. Said bonds may be issued in one or more series as determined by the Director of Finance in an amount necessary to meet the City's share of the cost of the Projects determined after considering the estimated amount of State and Federal grants-in-aid of the Projects, or the actual amounts thereof if this be ascertainable, and the anticipated times of the receipt of the proceeds thereof, provided that the total amount of bonds to be issued shall not be less than an amount which will provide funds sufficient with other funds available for such purpose to pay the principal of and the interest on all temporary

borrowings in anticipation of the receipt of the proceeds of said bonds outstanding at the time of the issuance thereof, and to pay for the administrative, financing, legal and other costs of issuance of such bonds. The bonds of each series shall mature not later than the twentieth year after their date, and may be issued subject to earlier redemption by the City. The bonds of each series shall be in the denomination of \$1,000 or a whole multiple thereof, be issued in fully registered form, be executed in the name and on behalf of the City by the manual or facsimile signatures of the Mayor, City Clerk, Comptroller and the Director of Finance, bear the City seal or a facsimile thereof, be payable at a bank or trust company, be certified by a bank or trust company, which bank or trust company may also be designated as the registrar and transfer agent, and be approved as to their legality by Robinson & Cole LLP, Attorneys at Law, of Hartford, Connecticut. The bonds shall be general obligations of the City and each of the bonds shall recite that every requirement of law relating to its issue has been duly complied with, that such bond is within every debt and other limit prescribed by law, and that the full faith and credit of the City are pledged to the payment of the principal thereof and the interest thereon. The aggregate principal amount of the bonds of each series to be issued, the annual installments of principal, redemption provisions, if any, the certifying, registrar and transfer agent and paying agent, the date, time of issue and sale, and other terms, details and particulars of such bonds including approval of the rate or rates of interest payable thereon shall be determined by the Common Council, or such other persons as the Common Council shall designate, in accordance with the General Statutes of Connecticut, Revision of 1958, as amended from time to time (the "Connecticut General Statutes").

Section 4. Said bonds shall be sold by the Mayor in a competitive offering or by negotiation, in his discretion. If sold in a competitive offering, the bonds shall be sold at not less than par and accrued interest on the basis of the lowest net or true interest cost to the City. A notice of sale or a summary thereof describing the bonds and setting forth the terms and conditions of the sale shall be published at least five days in advance of the sale in a recognized publication carrying municipal bond notices and devoted primarily to financial news and the subject of state and municipal bonds. If the bonds are sold by negotiation, the purchase agreement shall be subject to the approval of the Common Council, or such other persons as the Common Council shall designate.

Section 5. The Mayor and the Director of Finance are authorized to make temporary borrowings in anticipation of the receipt of the proceeds of said bonds. Notes evidencing such borrowings shall be in such denominations, bear interest at such rate or rates and be payable at such time or times as shall be determined by the Mayor and the Director of Finance, be executed in the name of the City by the manual or facsimile signatures of the Mayor and the Director of Finance, have the City seal or a facsimile thereof affixed, be certified by a bank or trust company designated by the Director of Finance pursuant to Section 7-373 of the Connecticut General Statutes, and be approved as to their legality by Robinson & Cole LLP as bond counsel. Such notes shall be issued with maturity dates which comply with the provisions of the Connecticut General Statutes governing the issuance of such notes, as the same may be amended from time to time. The notes shall be general obligations of the City and each of the notes shall recite that every requirement of law relating to its issue has been duly complied with, that such note is within every debt and other limit prescribed by law, and that the full faith and credit of the City are pledged to the payment of the principal thereof and the interest thereon. The net interest cost on such notes, including renewals thereof, and the expense of preparing, issuing and marketing them, to the extent paid from the proceeds of such renewals or said bonds, shall be included as a cost of the capital improvements for the financing of which said notes were issued. Upon the sale of the bonds, the proceeds thereof, to the extent required, shall be applied forthwith to the payment of the principal of and the interest on any such notes then outstanding or shall be deposited with a bank or trust company in trust for such purpose.

Section 6. The Mayor is authorized in the name and on behalf of the City to apply for and accept any and all Federal and State loans and/or grants-in-aid of any Projects and is further authorized to expend said funds in accordance with the terms hereof and in connection therewith to contract in the name of the City with engineers, contractors and others.

Section 7. To meet any portion of the costs of such projects determined by the State of

Connecticut Department of Energy and Environmental Protection to be eligible for funding under Section 22a-475 et seq. of the Connecticut General Statutes, as the same may be amended from time to time (the "Clean Water Fund Program"), the City is authorized and may issue interim funding obligations in anticipation of project loan obligations and project loan obligations ("Clean Water Fund Obligations") in such denominations as the Mayor and Director of Finance shall determine. The Mayor and Director of Finance are hereby authorized to determine the amount, date, maturity, interest rate, form and other details and particulars of such Clean Water Fund Obligations, subject to the provisions of the Clean Water Fund Program, and the Mayor, Director of Finance and Treasurer are authorized to execute and deliver the same. Said Clean Water Fund Obligations shall be general obligations of the City and each of the Clean Water Fund Obligations shall recite that every requirement of law relating to its issue has been duly complied with, that such obligation is within every debt and other limit prescribed by law, and that the full faith and credit of the City are pledged to the payment of the principal thereof and the interest thereon. The Mayor is hereby authorized to execute and deliver to the State in the name of and on behalf of the City Project Loan and Project Grant Agreements under the Clean Water Fund Program.

Section 8. The balance of any appropriation not required, in the determination of the Common Council, for any Department set forth in Section 1, may be transferred by resolution of the Common Council to any other Department in Section 1.

Section 9. The City hereby expresses its official intent pursuant to §1.150-2 of the Federal Income Tax Regulations, Title 26 (the "Regulations"), to reimburse expenditures paid sixty days prior to and any time after the date of passage of this resolution in the maximum amount and for the Projects with the proceeds of bonds, notes, or other obligations ("Tax Exempt Obligations") authorized to be issued by the City. The Tax Exempt Obligations shall be issued to reimburse such expenditures not later than 18 months after the later of the date of the expenditure or the substantial completion of the Projects, or such later date the Regulations may authorize. The City hereby certifies that the intention to reimburse as expressed herein is based upon its reasonable expectations as of this date. The Director of Finance or his designee is authorized to pay project expenses in accordance herewith pending the issuance of Tax Exempt Obligations.

Section 10. The Mayor and Director of Finance are hereby authorized, on behalf of the City, to enter into agreements or otherwise covenant for the benefit of bondholders to provide information on an annual or other periodic basis to the Municipal Securities Rulemaking Board (the "MSRB") and to provide notices to the MSRB of material events as enumerated in Securities and Exchange Commission Exchange Act Rule 15c2-12, as amended, as may be necessary, appropriate or desirable to effect the sale of the bonds and notes authorized by this resolution. Any agreements or representations to provide information to the MSRB made prior hereto are hereby confirmed, ratified and approved.

Section 11. The Mayor and Director of Finance are hereby authorized, on behalf of the City, to enter into any other agreements, instruments, documents and certificates, including tax and investment agreements, for the consummation of the transactions contemplated by this resolution. The Mayor and Director of Finance are hereby authorized, on behalf of the City, to apply for and accept any and all Federal and State loans and or grants-in-aid of the Projects, to expend said funds in accordance with the terms hereof, and in connection therewith to contract in the name of the City with engineers, contractors and others.

RE: Capital Project Close Outs and Special Capital Appropriations

---

Attached is a master list of proposed capital project close outs and related special capital appropriations. The projects being closed out have available budgets which total \$2,277,666, and the proposed appropriations total the same amount.

We received a request from Mike Greene, Director of Planning and Zoning, to relinquish capital project funding which was originally appropriated to the Planning and Zoning Department and to reassign these projects to other City departments. Mr. Greene made this request because an increased caseload relative to zoning permits, large application processing, construction inspection, violation resolution, and litigation preparation did not make it possible for his department to administer these capital projects at this time. Mr. Greene requested that we find another way for these worthy projects to move forward.

There are presently four (4) capital projects funded under the Planning & Zoning Department, with appropriations made over several years and total available balances as listed below:

| <u>Project Name</u>              | <u>Avail. Balance</u> | <u>Description</u>                                         |
|----------------------------------|-----------------------|------------------------------------------------------------|
| Waterfront Public Access         | \$673,500             | Fill in gaps in existing Harbor Loop Trail                 |
| Bikeway Plan                     | 301,902               | Plan and construct bikeways, bike lanes, and sharrows      |
| Citywide Traffic Management Plan | 100,000               | Traffic Mgmt Plan                                          |
| Sidewalk Study/Implementation    | 154,095               | Fill in gaps/construct new sidewalks in priority locations |
| TOTAL                            | <u>\$1,229,497</u>    |                                                            |

After reviewing which departments were best equipped to handle each project, we concluded that the Waterfront Public Access and Bikeway Plan projects could be best moved forward by the

Redevelopment Agency, and the Citywide Traffic Management Plan and Sidewalk Study/Implementation could be best handled by the Department of Public Works. The Redevelopment Agency has substantial experience administering various capital construction projects in concert with multiple funding sources and other City departments, including DPW and Recreation & Parks. We believe that the Redevelopment Agency would have the best chance for securing additional grant funding to further these projects. Moreover, the Waterfront Public Access project is adjacent to many of the key redevelopment parcels in the City.

With respect to Traffic Management and Sidewalk construction, the Public Works Department also has existing capital appropriations which address these matters, so transferring these funds from Planning and Zoning to DPW seems a logical course of action.

In reviewing this request with the Department of Public Works, it raised questions about certain other DPW and Parking Authority capital projects which remain open with available balances. While the City Code generally provides that when a capital project is completed or terminated that any remaining funds are to be returned to the capital budget surplus account where they shall be used to reduce the net amount to be bonded for the following year's capital budget, there are some outstanding capital project balances which do not fit neatly into this category.

Since the Parking Authority and WPCA pay their own debt service from revenues generated by their user charges, it seems clear that any reallocation of unspent Parking Authority or WPCA capital appropriations should be restricted to the Parking Authority or WPCA, respectively. To do otherwise would lead to a situation where the Parking Authority or WPCA users are paying for debt service not related to these operations. Therefore, we believe that excess Parking Authority or WPCA capital appropriations should only be used to fund future capital projects within these respective operations. In this case, we have identified \$479,624 of Parking Authority projects with an excess balance, and are proposing to transfer these funds to other needed projects within the Parking Authority.

In addition, in reviewing the DPW capital projects with available balances, we discovered certain projects which were not necessarily completed or terminated, but which still have available free balances. We have identified related or similar projects within the Public Works Department where we believe it is appropriate to transfer these available balances. The DPW projects which fall into this category total \$568,545, and are itemized on the attached spreadsheet.

The proposed special capital appropriations summarized by major category are as follows:

|                                                               |                |
|---------------------------------------------------------------|----------------|
| P & Z projects moved to Redevelopment Agency                  | \$975,402      |
| P & Z projects moved to Public Works                          | 254,095        |
| Parking Authority projects reallocated with Parking Authority | 479,624        |
| DPW projects reallocated within DPW                           | <u>568,545</u> |
| TOTAL                                                         | \$2,277,666    |

The most feasible means to finance these appropriations is from the anticipated surplus and available free balance from the projects which are being closed out.

PLANNING COMMISSION

29 April 2013

Memorandum

To: Mayor Moccia

From: Mike Greene, Dir of Planning & Zoning

Subject : Capital Budget Projects

As you are aware , permitting activity has exceeded the 21 year average for each month in the past year and a half. In fact, the first quarter of 2013 exceeds any quarter on record! We issued 386 permits which surpasses the first quarter of 2005 (our busiest year) by 30% and our first quarter of 2006 (our busiest quarter) by 11%. If I may say so, these increases reflect positively on the staff of the Planning & Zoning Dept. as our employees have responded with timely efficiency and professionalism to the dramatically increased caseload. Further, the complicated requirements of the Federal Flood Regulations have exacerbated the energy required to effectively handle all of the cases.

With no end in sight to the forgoing affirmative statistics this suggests reassignment of the Capital Budget funds allocated to this departments projects. The management of these by our office was undertaken during a time when permitting activity was comparatively low and two additional employees were available. Reassigning the funding will allow the Planning & Zoning Office – without additional staff- to focus on our primary mission of permitting, large application processing, construction inspection, violation resolution and litigation preparation.

Of course redesignation of capital funds will also allow important projects to move forward. In order to provide continuity, this office will finish the projects that have already been contracted.

I am proud of the work undertaken by the Planning & Zoning staff during the resurgence of development activity in Norwalk. The recommendations contained herein will present the best opportunity for this good work to continue and for important capital projects to move forward.

Please let me know when we can meet to discuss the details/requirements to begin the process.

Dear Mr. Hamilton:

On behalf of the Redevelopment Agency, I have reviewed and considered the attached Special Capital Appropriation Request as prepared by your department in consultation with the Director of Planning and Zoning regarding the possible reassignment of certain Capital Budget allocations previously assigned to the Planning and Zoning Department regarding Waterfront Public Access and Bikeway Plans to the Redevelopment Agency. Provided this reassignment is acceptable to the Director of Planning and Zoning and the respective commission that sought the funding, the Redevelopment Agency will accept the assignment of the funds as allocated in the attached schedule.

**Re: Request for Project Closures and Special Appropriation**

Dear Mr. Hamilton:

Reference is made to the attached consolidated spreadsheet titled Special Capital Appropriation Request.

Pursuant to our recent coordination regarding making maximum use of previously authorized and appropriated capital funds to further enhance the infrastructure of the City, I hereby:

1. Express willingness to accept those funds currently in Planning and Zoning Projects C0396 and C0473 into Department of Public Works Projects (DPW) C0514 and C0318.
2. Request closure of the nine (9) DPW projects reflected in the CLOSE PROJECTS side of the spreadsheet and special appropriation in equal amounts to the six (6) DPW projects reflected in the INCREASE APPROPRIATIONS side of the spreadsheet.
3. Request closure of the three (3) Parking Authority projects reflected in the CLOSE PROJECTS side of the spreadsheet and special appropriation in equal amounts to the three (3) Parking Authority projects reflected in the INCREASE APPROPRIATIONS side of the spreadsheet.

No funds are being requested beyond what have been previously authorized by the Common Council. Approval of the request will provide for more efficient use of existing and available funds to repair and/or enhance such key infrastructure as sidewalks, roadway corridors and intersections, and drainage systems, as well as the City's Geographic Information System (GIS). I shall be happy to answer any questions and attend any meetings necessary to achieve the desired end result.

Sincerely,

Re: Narrative for April 2013 Tax Collector's report

As of the end of April 2013, with only two months remaining in the current fiscal year, we had collected **98.35%** of our current tax levy on the 2011 grand list, nearly \$267 million. In addition, we had collected **98.3%** of our current sewer use levy, an additional \$13 million. We also collected 87.23% of the IPP (Industrial Pretreatment Program) fee. We ended April statistically even with our collection rate from last year for current tax collections, and very slightly behind last year in sewer use collections (-.04%). Through the end of April 2013, we also collected an additional \$3.5 million in back taxes, interest, lien fees and other fees, about \$360,000 less than what was collected in delinquent taxes during the same time period of the prior fiscal year. Board and Committee members should anticipate a continuing gap between what is collected in past due taxes this fiscal year versus what was collected during the same time period last year due to the fact that this is not a tax sale year, while last year was. There is always a spike in delinquent tax and interest collections when a tax sale is held.

The second installment collection period went well, and there were no major problems. We are on track to achieve our budgeted collection goals. It is good news for the city that in spite of the sluggish economy our tax collections remain strong.

We issued delinquent notices, called 'demand' notices, to all taxpayers owing past due taxes, in late February. We filed lien continuing certificates in the Norwalk land records for unpaid real estate taxes and sewer use charges in mid March 2013. The term, 'demand', is prescribed by state law, and is not intended to imply rudeness to the taxpayer.

We continue to work with our state marshal on business personal property accounts that are under tax warrant for collection and our delinquent tax collector has been out in the field with the marshal serving warrants and collecting. Business personal property taxes are the most difficult to collect. We also plan to execute a demand and levy notice by publishing in the newspaper and on line a list of the highest dollar amount and longest owing past due business personal property accounts. This activity will be undertaken between now and when the new tax cycle begins in June. In the coming months, other collection enforcement activities to be undertaken will include property seizures including bank account seizures, license revocations, and payroll garnishment.

As elected or appointed officials, some of you may be contacted by constituents who are being served by a marshal, who have had their bank account, paycheck, or property affected, or who are being denied a permit. Please remember that everything our office does is according to state statute.

The high current and back collection rates that our office consistently achieves are the result of consistent and persistent activity. This activity includes collection enforcement, such as tax sales, wage garnishments, issuance of tax warrants, permit revocations, delinquent billings, and so on. A high current tax collection rate, and a high back tax collection rate result in lower and more stable mill rates, which is real tax relief for every taxpayer. The Board of Estimate and Taxation has been cognizant of this and it is reflected in our recently set 2012 grand list mill rates. We will soon begin the processes necessary to create the tax bills for the June 2013 tax billing on the October 1, 2012 grand list. We hope to have the bills in the mail by the second week of June, thus allowing taxpayers a six week period during which to make their payments.
