Captain Hines stated that in the 2017-18 Capital Budget, the Common Council approved \$475,000.00 for roof replacement. He stated that the low bid price for the roof replacement is \$583,709.00 from Young Developers.

He stated that he has been working with Mr. Alan Lo, the City's building and facilities manager, on this project. Captain Hines stated that Mr. Lo recommended that he request the additional money needed to complete the project.

Captain Hines stated that we are requesting \$108,709.00 to cover the shortfall and a 10% contingency of \$58,371.00 for a total request of \$167,080.00.

Captain Hines stated that the building was built in 1984 and has its original roof. The life expectancy of the roof was 15-18 years, and it has lasted for over 30 years. a. Presentation of the FY 201 -18 Recommended Operating Budget

Mayor Rilling stated that we received some hefty increase requests for the Operating Budget and the Capital Budget. He stated that the amount of money being requested concerns him. He stated that it is not always feasible and wise to give everyone what they want.

Mayor Rilling stated that he is concerned because we are in a revaluation year. He stated he is also concerned about the State and Local Tax issue. Changes have been made to deduction amounts on Federal income taxes, and that will hurt our residents. It will be devastating to some people. He stated that we must keep that in mind as we are looking at the budget requests. We will have to make difficult decisions because we do not want to penalize people that live in Norwalk with extraordinary taxes.

Mayor Rilling stated that we need to be fair to the taxpayers, but also, provide the services that we need to provide.

Mayor Rilling left the meeting at 7:12 p. m.

Mr. Barron stated that the recommended FY 2018-19 budget has been developed as the nation and State of Connecticut continues a tentative economic recovery from a historic recession. The Great Recession caused financial difficulties for the city, including a loss in the value of the grand list. He stated that the City's 2017 grand list of 12.3 billion has yet to return to its 2008 pre-recession value of \$12.7.

Mr. Barron stated that the uncertainty of funding from the State places the majority of the increase of costs to run the City on the mill rate charged to its taxpayers. Mr. Barron recommended that the City draw down \$2.0 million of its fund balance to partially offset the mill rate increases caused by rising expenses. This draw on the fund balance is consistent with the City's fund balance policy that allows for any excess reserve over the target established to be used for tax relief. He stated that the recommended draw of \$2.0 million for next year's budget will result in a 12.7% unreserved fund balance as a percentage of GAAP revenues.

Mr. Barron stated that the recommended budget represents a spending plan that limits overall spending to an increase of \$5 million or 1.4% and an average mill rate increase of 1.9%. He stated that reducing expenditures to this level has been a challenge given the fact that the City faces rising structural expenses of Wages and Salaries, Debt Service, and Employee Benefits.

Mr. Barron stated that the Board of Education's recommended FY 2018-19 budget is a base recommendation equal to the current year appropriation. He recommended that the Common Council fund as much of the Board of Education's request as it believes the taxpayers of the City can afford by increasing its cap over the recommended base budget.

Mr. Barron stated that the Common Council can add to this base recommendation by increasing its cap over the base recommendation. An increased cap will create an opportunity for the Board of Estimate and Taxation to increase the Board of Education's appropriation over his base recommendation for the upcoming FY 2018-19. Mr. Barron stated that the current 2017-18 fiscal year's appropriation was the largest year over year percentage increase in nine years for the Board of Education's operating budget and represents the City's investment in the improvement of its Board of Education's delivery of educational services.

Mr. Barron stated that the recommended FY 2018-19 base budget is \$348,135,491 which represents an expenditure increase of \$4,970,515 or 1.4%. The combination of the Tax Assessor's 2017 grand list increase of 0.5% and proposed mill rate increase of 1.9% yields a total tax levy increase of \$7,340,333 or 2.4%.

January 2018 Financial Commentary

Balance Sheet

Cash is lower than the prior year by \$24k, Accounts Payable is higher by \$5k, and unpaid Bond principal sits at \$79k vs \$0 last year. This leaves us at a net deficit cash position of \$108k.

January Month vs Prior Year Month

Golf Revenue is lower than the prior year month by \$22k mostly due to Membership I.D. sales. In addition, we recognized only one half month's rental income for the restaurant as the lease ended on January 15 (\$3k in c/y vs. \$6k in p/y). This rental income is offset by bad debt expense.

Personnel and employee benefits expenses are \$6k lower compared to prior year month expenses. This decrease is across all departments.

Administrative expenses are up nearly \$5k over prior year month due to restaurant rent bad debt (\$3k) and additional legal accruals (\$2k) needed.

Park Maintenance is \$3k higher than prior year month driven by equipment maintenance and heating fuel.

Cart Expenses are flat.

Operating Income is \$27k lower than the prior year month attributable to unfavorable revenue of \$25k and unfavorable expenses of \$2k.

January YTD vs Prior YTD

Total Revenue is higher by \$81k year over year for the seven month period.

Personnel and employee benefits expenses are higher by \$19k over the prior year. Management salaries decreased \$1k, Operations salaries increased nearly \$8k, and Course salaries increased \$9k. Workers Compensation is also up \$2k.

Administrative expenses are \$27k higher than the prior year driven by bad debt, advertising, legal costs and insurance expenses.

Park Maintenance is lower by \$5k compared to the prior ytd primarily due to water expense.

Re: Narrative for January, 2018 Tax Collector's Report

As of the end of January, 2018, seven months into the current fiscal year, we collected in excess of \$296 million, or **95.13%** of our \$311+ million adjusted tax levy. In addition, as of the end of January, 2018, we collected in excess of \$14.4 million of our sewer use levy, or **92.9%**. We also collected 84.83% of the year's IPP (Industrial Pretreatment Program) fee on behalf of the Water Pollution Control Authority. Compared with the prior fiscal year, we are ahead with regard to current taxes (2.66%) and current sewer use (2.47%) collections. Also, through the month of January, 2018, we showed a net collection of more than \$2.5 million in back taxes, interest, lien fees and other fees. This amount is significantly less than we collected last fiscal year at this time. Please note in all cases where we are reporting collections, these figures are net of refunds and credits that had to be given due to court cases where taxpayers successfully appealed their assessment and were due money back. Our current collection includes a higher than usual number of overpayments, in some cases intentional, that were made in December 2017 and January 2018. As a result, our current collection percentages are overstated because some of what we show as currently collectible revenue will have to be refunded within the next several months.

The current collection period technically ended on February 1. We are up to date with our posting, and are preparing to send delinquent notices, called 'demand' notices, at the end of this month. Payment activity during the month of December was robust as a result of public reaction to very recent changes to federal tax law, specifically regarding the deductibility of local property taxes, beginning in calendar year 2018. The fact that December 2017 collections significantly outpaced those in December 2016 will lose relevance once everything nets out and we refund overpayments. We could not accept 'prepayment' of not yet due tax obligations for the summer of 2018 and beyond, even though it might have seemed advantageous to some taxpayers personally to make such payments, because doing so have been contrary to state law. Subsequently, the Internal Revenue Service clarified that such 'prepayments' would not have been allowable as deductions in 2017 anyway. We expect a significant amount of time will be spent dealing with this issue going forward. As in prior years, we will not be able to accurately assess where we stand relative to the current tax collection until the collection numbers for the month of February are reviewed in a few weeks. Because many payments are made at the end of the cycle and are not posted until the first week of February, those payments will not appear in the collection figures until the February 2018 month end report. At that time, we will be able to analyze the numbers, determine how close we are to meeting budgeted collection goals, identify any problems, and also reassess and refine the criteria for the July 2018 tax sale.

We also continue to work on collection enforcement, focusing now on our 2018 tax sale and also working with the Department of Health to check for back taxes prior to health permit renewal, as several categories of health permits renewed in January. Establishments that owe back taxes for more than one year are not allowed to renew their health permit without paying their back taxes.

With regard to the July 2018 tax sale: an initial set of letters was sent in November 2017 to owners of 144 properties, owing a total of just under \$2.5 million, that fell within the criteria we plan to use. This warning letter served as advance notice to taxpayers whose properties are being affected. As of February 12, we had already collected \$858,942 toward that \$2.5 million. This week, we sent out letters to 29 more properties that now fall within that criteria after the conclusion of the second installment cycle. In other words, these additional properties did not meet the criteria before, but now owe enough to qualify, because another installment period has concluded, and those taxes are now delinquent. We also sent letters to 20 properties that are 'borderline,' or close to the criteria, as we might change the criteria to include even more properties, depending on how much we sought to collect. The addition of those (total of 49) properties added an additional \$712,165 to the \$2.5 million starting collectible we sought to achieve and brings the total number of properties presently involved in this sale from 144 to 193.

I am working on the tax sale calendar now. The sale will be held Monday, July 23, 2018. Title searches are now being assigned, completed, and returned to us. We intend to file lien continuing certificates for properties still owing past due taxes on the 2016 grand list on or before March 15. We expect the notices of sale will be filed on the land records in early May. From that point on, the sale process moves quickly.

While some people might comment that our collection enforcement measures are 'ruthless' or too efficient, maintaining a high current collection rate by efficiently enforcing collection of back taxes allows our budget making authority to set lower mill rates, because there can be less of an 'allowance' for anticipated uncollectibles in the coming fiscal year. When taxpayers fail to pay on time, the city is nonetheless committed to spending to bring to fruition all of the programs planned for that fiscal year. Because not everybody will pay on time, mill rates are set slightly higher, to allow for 'uncollected taxes'. However, if we keep the current tax collection rate high, that 'uncollectible' amount can be less. This is tax relief for every single taxpayer, and arguably the best form of tax relief, because it affects everybody.

We will continue to keep all stakeholders informed of our progress.
