October 5, 2015 – Special Meeting

The following corrections were made to the minutes:

Page 1: Correct spelling of Ms. Anne Yang-Dwyer's name throughout.

Page 3: first paragraph, last sentence should be corrected to read: Finance recommended approval of the full amount for use as determined by the Board of Education.

Page 3: under Additional Information, first paragraph, second sentence should read: He noted that they are going to achieve the budget for all four key revenue drivers.

**** MAYOR RILLING MOVED TO APPROVE THE MINUTES AS
AMENDED**

**** MOTION PASSED WITH ONE (1) ABSTENTION (MR. CAMACHO)**

SPECIAL APPROPRIATIONS AGENDA

There were no special appropriations discussed this evening.

TRANSFER AGENDA

**** MR. CAMACHO MOVED TO APPROVE THE FOLLOWING TRANSFER:**

Fire Department

From	To	To	Amount
01-3120-5251	Medical, Dental, Veterinary	01-3120-5269 Other Repair-Maintenance	\$15,000

This transfer is to cover bills for air pak repairs for the remainder of the fiscal year. The air pacs are the breathing devices used by the Fire Department. Mr. Barron said that Finance recommends approving this transfer.

**** MOTION PASSED UNANIMOUSLY**

**** MAYOR RILLING MOVED TO APPROVE THE FOLLOWING TRANSFER:**

Library

From	To	To	Amount

This transfer is to cover the deficit in the Library's program account. Ms. Bradley noted that there has been a shift statewide in usage. Book circulation has declined, but attendance in programs has increased.

**** MOTION PASSED UNANIMOUSLY**

OTHER BUSINESS

No other business was discussed this evening.

ADDITIONAL INFORMATION

Oak Hills Financial Status – September and October 2015

Mr. Barron reviewed Oak Hills Financial Status and reported that year to date, their revenue is \$35,338.67 over last year during the same time frame and their net income is \$130, 476.65 over last year.

Tax Collector's Report – September and October 2015

Mr. Barron reviewed the Tax Collector's reports and reported that four months into the fiscal year, they collected in excess of \$155.6 million in taxes and nearly \$7.5 million in sewer use levy. The next tax sale will take place in July 2016.

Key Revenue Report 2015-2016

Mr. Barron reported that all but investment income is exceeding the budget. The four key drivers are on track to achieve budget by a small margin.

Mr. Barron distributed the 2016 meeting calendar along with the 2016/2017 operating budget review schedule.

ADJOURNMENT

CITY OF NORWALK TRANSFERS 2015-16
BOARD OF ESTIMATE AND TAXATION

FISCAL YEAR 2015-16:

CORPORATION COUNSEL:

<u>From</u>		<u>To</u>		<u>Amount</u>
01-0300-5110	Regular Wages	01-0300-5130	Temporary Wages	\$56,000

This transfer is to cover the anticipated deficit in temporary wages due to the lawyer who has been filling in until the department fills its vacancy. The Corporation Counsel's office currently has an Assistant Corporation Counsel position vacant and is in the process of recruiting. They do not though anticipate it will be filled until almost the end of the fiscal year.

Finance recommends approval.

PURCHASING:

<u>From</u>		<u>To</u>		<u>Amount</u>
01-1361-5140	Part-Time Wages	01-1361-5110	Regular Wages	\$21,000

This transfer is to cover the conversion of two part-time positions in the Purchasing Department to a full time position. In the current fiscal year, the Purchasing Department received funding for two part-time buyers to help the office keep up with bids and projects. The Purchasing Agent has found it difficult to recruit for part-time positions of this level and has requested that these two positions be replaced with a full time Buyer. This will give him, when fully staffed, three full time and one part-time employee and he feels this will be enough to keep up with the increasing demand. The Purchasing Agent has surveyed other towns with Buyer positions and estimated a salary of \$52,210. The position description still needs to be created by the Personnel Department and approved by the Council. This will be done by mid-February, and the transfer amount was determined by assuming the position will be filled in March, at the earliest.

Finance recommends approval.

POLICE DEPARTMENT:

<u>From</u>		<u>To</u>		<u>Amount</u>
01-3064-5110	Regular Wages	01-3062-5120	Overtime Wages	\$4,000
01-3064-5110	Regular Wages	01-3065-5120	Overtime Wages	\$1,000
01-3064-5110	Regular Wages	01-3066-5120	Overtime Wages	\$1,000
Total				\$6,000

This transfer is to cover overtime deficits in several administrative accounts due to the vacancy in the Records division. Employees in these divisions have had to fill in on overtime to ensure that the work is completed. The department is anticipating filling the Records vacancy by the middle of February so this amount should be sufficient until that time.

Finance recommends approval.

**CITY OF NORWALK
BUDGET TRANSFER REQUEST**

Complete this form if you seek to transfer any funds (not greater than \$5,000) between major objects of expenditure or between divisions or activities within your approved budget. Submit this request to the office of Management and Budgets. The Director of Management and Budgets will review your request and either approve or reject the transfer. If the transfer is rejected, the Director will provide an explanation to the requesting department.

The Office of Management and Budgets will return one copy of the form after it has been signed by its Director. The copy will indicate whether the request has or has not been approved.

Please note: A detailed explanation of the transfer must be provided in order for the request to be considered.

MEMORANDUM

December 28, 2015

To: Robert O. Barron
Director of Finance

From: Gerald J. Foley
Purchasing Agent

Subject: Transfer Request
Re: Full-time Buyer Position

The Purchasing Department was afforded funding to hire two (2) part-time Buyers to assist the Department. The reason for the funding request for the two (2) part-time Buyers was that the workload in the Purchasing Department has risen to a point that it is no longer manageable with the existing staff levels. And this increased workload has created a severe four (4) week backlog in the processing of new bid and or project requests.

Unfortunately, after repeated attempts, the recruitment process to hire part-time buyers has not been successful in finding qualified candidates to fill these "part-time" positions. And the Department workload and backlog conditions continue to worsen.

Therefore, I am requesting that the funding in account 011361-5140 allocated for these part-time buyers positions be transferred into account 011361-5110, to create funding for a single full-time buyer position.

Based on my preliminary research, the annual salary of a full-time municipal Buyer position is approximately \$52,500.00 per year.

Thank you for your consideration.

Please call me at extension 47892 if you have any questions or if you need any other information.

SECTION C

1. Resolution, requesting a special capital appropriation in the amount of \$756,068 for the environmental remediation and renovation of Six (6) classrooms for the Norwalk Early Childhood Center development project.

DEPARTMENT OF FINANCE
OFFICE OF THE DIRECTOR

MEMORANDUM

Date: December 28, 2015

To: Harry Rilling, Mayor
The Members of the Board of Estimate & Taxation
The Members of the Planning Commission
The Members of the Common Council

From: Robert Barron, Director of Finance 

Re: Special Capital Appropriation

Attached is a special capital appropriation request from Alan Lo, the city's Building and Facilities Manager, regarding the Norwalk Early Childhood Center at Roosevelt School.

As is the city's customary practice, when the appropriation for this project was first approved in the city's capital budget, we only included the "local" share of the project costs, or the amount that we expect to finance through the issuance of city bonds. We typically wait to appropriate the portion of the project which will be financed through state grants until such a time that we can reasonably project the amount of that reimbursement. Because certain project expenses are eligible for reimbursement and others are not, it is best to wait until the specific project scope has been defined before we seek authorization for the appropriation of the state share of the project.

We are now at the point where a reasonable estimate of the state share can be determined, and are requesting that a special appropriation in the amount of \$756,068 be approved for the Norwalk Early Childhood Center development project.

This appropriation will be financed from the anticipated receipt of state reimbursements. Because the state pays these reimbursements after the expense has been incurred, the city's overall cash balance in the Capital Projects Fund will be used to temporarily meet the project's cash flow requirements.

Re: Special Capital Appropriation

Attached is a special capital appropriation request from the Building and Facilities Manager for the Norwalk Early Childhood Center Development Project in the amount of \$756,068.

The purpose of this special appropriation is to formally appropriate the State share of funds for this school improvement project. This project will be put out to bid once it is approved by the State and have the project completed by August 2016. The project scope includes the environmental remediation and renovation of Six (6) classrooms.

As indicated in the Finance Director's statement, this appropriation will be financed from anticipated State reimbursement.

DEPARTMENT OF PUBLIC WORKS

TO : BOB BARRON, FINANCE DIRECTOR

FROM: ALAN LO, BUILDINGS AND FACILITIES MANAGER 

RE : **NORWALK EARLY CHILDHOOD CENTER (NECC)-
SPECIAL CAPITAL BUDGET APPROPRIATION FOR
STATE REIMBURSEMENT**

DATE: DECEMBER 1, 2015

The City of Norwalk, in conjunction with Norwalk Public Schools, is proceeding with the implementation of the Norwalk Early Childhood Center (NECC) development project at Roosevelt Center. At the present time, Roosevelt Center is occupied by Norwalk Senior Center and Norwalk Recreation and Parks Department for its recreation programs. NECC will be occupying the spaces previously occupied by Tumble Bugs Childcare Center.

Norwalk Public Schools currently operates a 50/50 Pre-K program which is comprised of eight classrooms housed in five of our elementary schools. This model is a half day program of instruction and support services for students with "special needs" as required under the IDEA federal Special Education law, and provides an inclusive environment with "typical" peers who are tuition paid. A centralized facility will provide consistency of program and the consolidation of services resulting in a better use of resources with an ultimate goal of providing a PK-12 education for special needs students within the Norwalk Public Schools in the least restrictive environment. In addition, the relocation of the existing Pre-K program from existing elementary schools will recapture valuable space in meeting elementary student enrollment and program needs.

The proposed six renovated classrooms will have a maximum capacity of 18 students per classroom. It is anticipated that these six classrooms will have the capacity to accommodate students from eight existing classrooms in the school system as these classrooms are not fully occupied.

The scope for the proposed 6 classrooms renovation project consists of the following:

- Classrooms will be remediated of environmental hazardous materials. New floors, ceiling and lighting will be installed. Existing millwork will be removed. Each classroom will have direct access to toilet facilities and each classroom will have its own double sinks. Classrooms will be painted.
- Hallways will be remediated and new floor tiles, ceiling tiles and light fixtures will be installed. Walls will be painted.
- Other Facilities shall include main office, conference room, ADA compliance adult bathrooms, 8 Therapy Rooms and nurse's office. The existing gym will serve as active play area and available for multipurpose functions as well as the location for sensory gym equipment.
- Building Exterior improvement shall include replacement of deteriorated wood façade and door/frame. A modest entrance lobby will be created in the area of the existing canopy. A handicap ramp will be constructed for ADA accessibility.

In terms of project budget, the following is a summary of approved funds from the following City accounts together with the "Projected" State reimbursement for eligible improvements:

#09155010 5777 C0555	- approved previous unexpended funds	\$ 771,000
#09155010 5777 C0555	- approved special appropriation	\$ 880,000
#09045010 5777 B0291	- balance in unassigned school construction funds	\$ 316,777
#030000-2633	- Roosevelt Center Reserves for Replacement account	\$ 164,564
#09155010 5777 C0537	- NPS security improvement account	\$ 103,848

		Total available local funding \$2,236,189
Projected State reimbursement		\$ 756,068

		Total project budget \$2,992,257

The current construction budget includes soft and hard costs as well as FF&E and security enhancement. Upon receipt of the bids, we will assess the ability to include IT Equipment and sensory gym equipment as part of the current budget or identify other source of funding as may be required.

The projected State reimbursement is 32.86% for eligible improvements. We are projecting that the reimbursable amount to be approximately \$756,068. The actual amount of reimbursement will NOT be determined until final audit which will happen about 2 years after the completion of the project.

In terms of schedule, immediately after approval by the State in early December, 2015 to go for bids, AP Construction, our Construction Manager, will assist the City's Purchasing Department to advertise for bids with bid opening scheduled for early January 2016. We intend to expedite the bid approval process and submit a bid recommendation to the Common Council for approval in late January 2016. Our goal is to proceed with hazardous material remediation and interior demolition in February 2016. Every effort will be made to complete the project by mid August 2016.

In moving forward, a **Special Capital Appropriation in the amount of \$756,068** is required at this time as "bridge funds" to cover the State reimbursement share in order for the City to execute necessary contracts.

Thank you for your consideration of this matter.

To: Mayor Harry Rilling; Board of Estimate and Taxation; Finance & Claims Committee
From: Lisa Biagiarelli, Tax Collector
Date: December 10, 2015
Re: Narrative for November, 2015 Tax Collector's Report

As of the end of November 2015, five months into our fiscal year, we collected in excess of \$156.5 million, or **52.27%** of our nearly \$300 million tax levy. In addition, as of the end of November 2015, we collected more \$7.5 million of our sewer use levy, or **51.34%**. We also collected in excess of 84% of the year's IPP fee.

Also through the month of November, 2015, we collected nearly \$1.8 million in back taxes, interest, lien fees and other fees. That amount falls far short of what we collected in back taxes during the first five months of the prior fiscal year, because we held a large tax sale in July of 2014. However, our next tax sale will be held on Monday, July 18, 2016. We have already started working on that sale. Back tax collections drop during non tax sale years and spike during tax sale years, and our finance department budgets accordingly. Since we have now started working on the new sale, we should see the 'gap' between the current and the prior year dwindle.

Compared with last fiscal year, we are very slightly ahead (.08%) relative to current taxes, and very slightly behind (-.06%) in sewer use collections.

We worked throughout the fall on delinquent billing and various collection enforcement measures. We have continued working with our state marshals on delinquent business personal property accounts, and issued a number of new warrants this fall. Our delinquent tax collector has been working on UCC (Uniform Commercial Code) liens for delinquent businesses, and since September 2015 has filed more than 740 of these liens with the office of the Secretary of the State of Connecticut. We are working on a wage garnishment for city and board of education employees who owe back taxes. We undertake this initiative twice a year, in the spring and again in the fall.

With regard to the July 2016 tax sale, we sent about 130 preliminary letters to owners of properties that already meet the criteria for inclusion. This mailing is a courtesy mailing that is not required by state law. Its purpose is to alert those involved that they meet the tax sale criteria, and to give them extra time to arrange for financing or otherwise attempt to address the delinquency. The 'official' sale process will begin at the conclusion of our second installment collection period in February 2016, when we will finalize the criteria based on our collections to date. Since those letters were mailed prior to Thanksgiving, we have already collected more than \$102,000 on those properties.

Our second installment tax bills are 'in the mail' at this writing. The last day on which to pay is Monday, February 1, 2016. We ran our billing files prior to Thanksgiving weekend, and have attempted to get the bills in the mail as quickly as possible in order to extend the collection period over a greater number of weeks (mid December through February 1) and to give taxpayers the opportunity to budget their finances accordingly. Taxpayers may pay by mail; in person at City Hall or in person at one of 11 local bank branches; over the telephone; or on line. Taxpayers may write an E-Check, or pay by credit, debit or ATM card. Our website has tax bill information as well as tax payment history information available on line at any time. Our office is open Monday through Friday from 8:30 am to 4:30 pm. We stagger our lunch hours so that we remain open throughout those eight hours. As we did last December at the request of this Committee and the Mayor, we again printed a message directly on each tax bill encouraging taxpayers to learn about tax relief programs and any exemptions or credits to which they may be entitled.

As we first reported in June, the Connecticut Department of Motor Vehicles converted to a new recordkeeping system that changes how the DMV identifies taxpayers and vehicles, and how municipalities report tax delinquencies and payoffs, and otherwise interact with the DMV. DMV worked with Connecticut tax collectors for more than a year to prepare for these changes and DMV offices closed to the public for registration transactions for more than a week over the summer. In spite of this, the transition has not gone well. Our office and the Assessor's office have been

working with our city Information Technology Department and with our software vendor to deal with this 'transition.' There are ongoing problems that I can discuss in person if more specific information is needed. Basically, DMV is attempting to encourage more on line transactions and fewer in-person transactions at the branches. They have attempted to expedite the communication between the municipalities and the DMV. These are worthy goals, but there have been problems with the new system that DMV has not been able to resolve. A more detailed listing of those problems was included in my November 2015 narrative. Since that time, we have met with other tax collectors at state and county association meetings and the frustration levels are mounting. The responses from DMV as a whole have not been satisfactory, and some tax collectors are now complaining directly to representatives in the Connecticut General Assembly. The most significant issues remain as follows:

- Municipalities are now required to upload files every night identifying taxpayers who have complied with tax issues. This was supposed to expedite the clearance process, but has backfired because the DMV will no longer allow us to use the 'paper' clearance slip or the manual stamp on the back of a taxpayer's registration. Their reliance on the on line clearance process instead means that we can't give a taxpayer a piece of paper and send them directly to DMV – we have to tell them, you will be cleared tomorrow, once the file is uploaded overnight.
- There is also an on line 'portal' for tax collectors to use to clear individual taxpayers item by item , but access is restricted to only a certain number of users; the portal is very time consuming to navigate; and we do not have the ability to take cashiers off the window to try to get on line to clear a taxpayer who has just paid. Some tax collectors (in towns that are much smaller than Norwalk) who are doing this report spending up to three hours a day attempting to clear individual names. The system also 'times out,' so if you are waiting and there is no keyboard activity within a certain amount of time, the system kicks you out and you have to begin again. And there have been long periods of time where the system is not available at all, due to 'technical problems.'
- The DMV has created a numeric identifier system that is supposed to identify each taxpayer, and each specific vehicle. Some of our Norwalk taxpayers do not have a DMV identifier number, and some of the vehicles on our system do not have identifier numbers. The only way we can report a name and vehicle to DMV either as owing taxes or as having complied, is to use these numbers. Also, there are situations where some, but not all, of an individual's vehicles have been assigned a number, and other cases where one taxpayer has been assigned multiple numbers. We are still trying to figure out how to deal with this.

The computer server at DMV where our nightly updates are posted to has at times been 'down' for long periods. In one case, the system was down for ten consecutive days. During that time DMV personnel were telling our taxpayers that the City was not in compliance, when in fact it was their own system that was down. There was another time when all of the files that were on the DMV server were inadvertently deleted or purged by somebody at DMV. Everything that had been placed on that server from all the reporting municipalities was gone, and we were instructed to resubmit. And most recently, the day before the Thanksgiving holiday weekend, the DMV failed to upload any submissions at all, and did not tell any of the towns. We found out about it when taxpayers complained to us.

Towns are still struggling to come up with a way to 'release' a person whom DMV says we reported delinquent but who does not appear delinquent on our records, or who does not have the appropriate DMV numeric identifiers. We used to be able to just issue a 'paper' release – hand it to the person, and send the person to the branch. The Commissioner of the DMV continues to refuse tax collectors' requests to continue accepting the paper releases until the kinks are worked out of the new reporting system. Senior members of our staff have been spending inordinate amounts of time online and on the telephone with DMV and with our software provider attempting to work out problems in this system. We will continue to update everybody on our progress.
