STAFF: Lisa Biagiarelli, Tax Collector; Angela Fogel, Director of
Management and Budgets; Kathryn Hebert, Director of
Transportation, Parking Mobility; Ralph Kolb, WPCA;
Chitsamay Lam, Comptroller;
Michael Stewart, Tax Accessor

1. CALL TO ORDER

Mr. Burnett called the meeting to order at 7:04 p.m.

2. ROLL CALL

Mr. Burnett called the Roll. A Quorum was present.

3. PUBLIC PARTICIPATION

There were no members of the public who wished to speak this evening.

**4. APPROVE THE MINUTES OF THE FOLLOWING FINANCE COMMITTEE
MEETINGS:**

March 14, 2019 – Regular Meeting

Under attendance, add comas between the names.

**** MR. KYDES MOVED TO APPROVE THE MINUTES AS AMENDED
** MOTION PASSED UNANIMOUSLY**

**5. CLAIMS COMMITTEE: RECEIVE THE MONTHLY CLAIMS REPORT;
REVIEW AND APPROVE CLAIMS AS REQUIRED FOR CLAIMS REPORT
DATED: APRIL 11, 2019**

6. **NARRATIVE ON TAX COLLECTIONS DATED APRIL 11, 2019** – Receive Report
and discuss.

7. **MONTHLY TAX COLLECTOR'S REPORTS DATED MARCH 31, 2019** – Receive
Report and discuss:

Ms. Biagiarelli reviewed her report. She said the list of refunds in the meeting packet are for information only. Refunds were issued to residents who paid their taxes on time, but their payments were delayed by the post office.

Mr. Sacchinelli joined the meeting at 7:07 p.m.

Ms. Biagiarelli said they are on target with 98.23% of their adjusted tax levy. This is not a tax sale year so they are focusing on enforcement. She said they are waiting for May when they will have the new mill rate and they can start the summer billing.

Mr. Hempstead suggested including a notice about the elderly tax relief program in the bills. Ms. Biagiarelli said those notices would have to go in the December bills because the application period is from February 1st to May 15th. She said she has a flyer that describes the program. Mr. Hempstead suggested placing those flyers at the libraries and the Senior Center.

8. UPDATE ON TAX RELIEF PROGRAMS FOR THE ELDERLY AND DISCUSS AND TAKE NECESSARY ACTION.

Mr. Stewart updated the Committee on the Elderly Tax Relief program. He said the requirements are based on a person's age and income. Mr. Burnett asked Mr. Stewart to send a written summary of his presentation to him and he will share that information with the Committee members.

Mr. Igneri said he had several calls from one resident who said the assessment wiped out their tax relief. Mr. Stewart explained that they are totally unrelated. Mr. Igneri suggested increasing the tax relief limits during the revaluation year. Mr. Burnett said they plan to start that process in the fall so they will be in a position to offer the program to people in the higher income limits.

Mr. Hempstead asked, that going forward, they have a more aggressive campaign to get the message out to residents. Mr. Burnett noted that under the City's re-organization one of the responsibilities of the Chief of Social Services will be to communicate to the residents.

9. RECEIVE BOARD OF ESTIMATE AND TAXATION OTHER BUSINESS FROM APRIL 1, 2019:

a. ~~Adoption of Tentative FY 2019-2020 Operating Budget~~ - removed from agenda

b. **Discuss and approve FY 2019-2020 Parking Authority Budget as revised.**

Ms. Hebert gave an overview of the Parking Authority's initiatives and reviewed their goals for 2020. She said the Parking Authority is very involved with the SoNo Collection regarding parking for their construction workers.

Mr. Hempstead asked about the increase in salaries and benefits. Ms. Hebert explained that the numbers provided in the back up material were re-worked and came back lower. Mr. Hempstead asked for an updated budget for the next Common Council meeting.

Mr. Hempstead asked if there is a backup plan for parking during the holidays if the mall's parking garage is full. Ms. Hebert said that typically they will expect people to park at the mall and not at the Maritime garage.

Ms. Hebert said she will provide updated numbers for the next Common Council meeting.

**** MR. HEMPSTEAD MOVED TO AUTHORIZE THE CHAIR TO ADD THIS ITEM TO THE NEXT COMMON COUNCIL AGENDA ONCE THE UPDATED NUMBERS ARE RECEIVED**

**** MOTION PASSED UNANIMOUSLY**

c. Discuss and Approve FY 2019-2020 Water Pollution Authority Budget.

Mr. Kolb reviewed the memo included in the meeting packet. Mr. Hempstead asked if they are any closer to getting user fees closer to actual usage. Mr. Kolb explained that it is a significant cost to WPCA to go to consumption-based billing. The cost would likely increase for single family units and decrease to businesses and multi-family units.

**** MR. IGNERI MOVED TO APPROVE THE FY 2019-2020 WATER POLLUTION AUTHORITY BUDGET AS PRESENTED**

**** MOTION PASSED UNANIMOUSLY**

d. Appointment of Auditors to Audit Fiscal Year 2018-19.

Ms. Lam explained that their current auditor is RSM. Per CT general statutes, they are required to report to OPM the name of the independent auditor designed to conduct the audit.

**** MR. IGNERI MOVED TO APPROVE THE APPOINTMENT OF RSM TO AUDIT FISCAL YEAR 2018-2019**

**** MOTION PASSED UNANIMOUSLY**

10. LIFE TO DATE OPEN CAPITAL PROJECT STATUS REPORT AS OF MARCH 31, 2019.

Mr. Burnett said there are various projects with funds not being utilized. Ms. Lam said that she and Ms. Fogel are working with departments to determine which projects should be closed. She said she will bring a list of projects that need to be closed to the next committee meeting.

**11. RECEIVE OAK HILLS AUTHORITY MONTHLY FINANCIAL STATEMENTS
FOR FEBRUARY 28, 2019.**

Mr. Burnett noted that opening day is this Saturday and said hopefully they will see a drastic increase in the number of rounds.

12. ADJOURNMENT.

**** MR.IGNERI MOVED TO ADJOURN**

**** MOTION PASSED UNANIMOUSLY**

There was no further business and the meeting was unanimously adjourned at 8:18 p.m.

Respectfully submitted,

Rosemarie Lombardi

I would like to request that the City of Norwalk continues as the fiduciary for the Region 1, Emergency Management Preparedness Grant (EMPG).

History

The City of Norwalk is part of a mutual aid agreement with 13 other cities and towns in Fairfield County. These 14 municipalities make up Region 1 and also the Fairfield County Hazardous Incident Response Team (FFCoHIRT). The team administered through the Fire Chiefs that represent the municipalities.

Annually our regional hazardous material team is awarded funds from the Emergency Preparedness Grant (EMPG), a federal grant that is managed through the State of Connecticut.

Our issue is that our hazardous materials team is a mutual aid agreement between the municipalities, not a true government entity. The grant is a reimbursement grant that needs a municipality or a council of governments to purchase items and then submit for reimbursement.

FFCoHIRT identifies equipment or training that is needed for our region. We confirm with the state that the purchase will be a reimbursable cost. The vendor provides a quote for the purchase; the municipality will then issue a purchase order. The vendor delivers the item and then issues an invoice. The municipality pays the invoice and then submits reimbursement from the state.

We have successfully managed this grant for two previous years.

Respectfully,

Albe Bassett

RE: Community Service Reorganization Approval and Special Appropriation

The Chief of Human Resources is requesting a special appropriation in the amount of \$140,648. Attached is a financial summary of the final phase of the City reorganization that will implement the Community Service department. The newly created department will be comprised of the Health Department, Library, Fair Rent & Human Relations, Human Services and the Historical Commission. A total of 51 staff members will be transferred from the Health Department, Library, Fair Rent & Human Relations and Human Services departments. With the addition of the newly created Director of Human Services position, the total headcount for the new department will be 52 full time employees. A total of \$140,648 in special appropriations is required to fund salary increases for three existing staff who will be moved to newly created titles and functions plus the additional salary for the new Director of Human Services position.

The Finance Department recommends the approval of this special appropriation request.

ACTION REQUESTED:

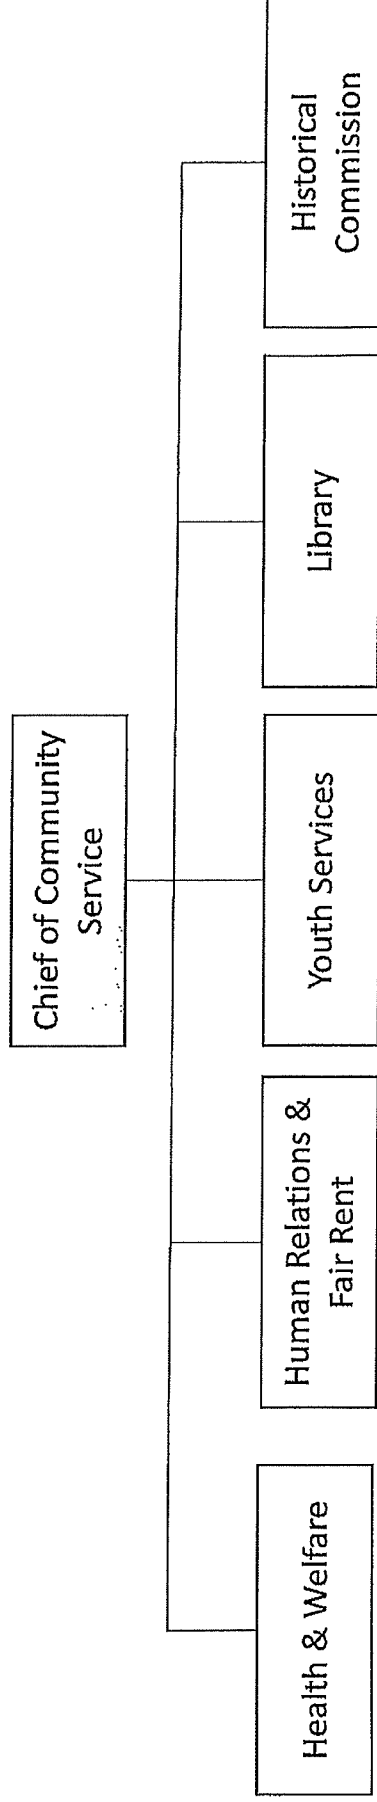

1. RESOLUTION, approve special operating appropriation in the amount of \$140,648 to fund the final phase of the City reorganization and establish the Community Service department.

Re: Suspense Tax List

Pursuant to Connecticut General Statute 12-165, I submit herewith the following lists of uncollected taxes. These taxes are deemed 'uncollectible' for one or more of the following reasons: Taxpayer cannot be located, and tax bills have been returned by the U.S. Postal Service as undeliverable; taxpayer is out of business; taxpayer is deceased; taxpayer is in the armed forces; or taxes have been discharged by federal law as a result of a bankruptcy proceeding, and are no longer a collectible debt.

I hereby certify, to the best of my knowledge and belief, that these taxes are uncollectible, and respectfully request that the Board transfer these items to the Suspense Tax Book, in accordance with CGS 12-165. The total dollar amount (principal) included in this request for transfer to suspense is **\$641,206.59**. This amount includes: \$117,262.08 in business personal property taxes and \$523,944.51 in motor vehicle taxes. There is no request for transfer of real estate taxes this year.

The transfer to suspense is part of an annual process. This year's requested transfer of \$641,206.59 is more than the \$532,426.94 requested last year, but still significantly less than the \$911,302.34 that was transferred in 2017. The 2017 business personal property transfer request was abnormally high due to bills that were uncollectible as a result of bankruptcy, including 2007 - 2015 grand list bills in the name of The Original Grasso Construction Company and several accounts that were a consequence of court stipulated settlements.

In spite of an increasing annual tax levy, our annual transfer to suspense has, for the most part, been decreasing since 2007. We have usually been able to transfer fewer accounts, and a lower dollar amount in total, due to our increased success in collecting delinquent accounts, and the ongoing refinement of our address database through CASS address validation and certification of our semiannual tax billings and delinquent mailings. Our suspense history over the last 15 years follows:

2018: \$532,426.94
2017: \$911,302.34
2016: \$412,287.77
2015: \$962,091.92
2014: \$306,641.30
2013: \$454,871.68
2012: \$359,896.94
2011: \$465,821.35
2010: \$496,680.34
2009: \$532,801.13
2008: \$620,125.81
2007: \$894,709.15
2006: \$685,136.72
2005: \$350,760
2004: \$823,145

Our success in dealing with delinquent accounts before they reach the 'uncollectible' stage, in particular due to the efforts of the Delinquent Tax Collector, is responsible for the overall *decrease* in suspense, and correlating *increase* in current and back collections.

This year, we are requesting a transfer of 3,096 items. In terms of value, approximately 82% of the dollar amount requested in the transfer, but more than 95% of the volume or number of accounts listed, is comprised of undeliverable motor vehicle tax bills that have been turned over to our outside collection agency for skip tracing and continued billing.

Conversely, approximately 18% of the dollar amount, and just under 5% of the number of accounts requested, is comprised of business personal property accounts. Business personal property taxes being transferred to suspense are due primarily to companies going out of business, or a federal bankruptcy discharge. These accounts can be identified in the detailed report that follows as "OOB" - Out of Business, or "BAN" - Bankruptcy.

Accounts that are transferred to suspense are still collectible in certain cases and remain on our tax software system for fifteen years from the due date. The transfer to suspense is an efficiency measure, and serves to relieve the City from having to continue to attempt to bill accounts for which we have no valid address. We do collect in cases where our outside collection agency is able to locate the taxpayer through skip-tracing and other methods, or in cases when the taxpayer ultimately moves back to Connecticut and attempts to register a vehicle at the Department of Motor Vehicles. Accordingly, the transfer to suspense does not mean the City 'gives up' on collecting; it merely means we are able to use our resources more efficiently.

A detailed listing of accounts follows, under separate cover (60 pages). Thank you very much for your consideration of this request.

MEMORANDUM

DATE: May 6, 2019

RE: Board of Education Special Capital Appropriation

Attached is a request from the Board of Education for special capital appropriations totaling \$15,112,000. The most recent BOE construction budget reviews have revealed a total shortfall in major construction capital appropriations of \$13,594,000 including the renovate-as-new plan for Norwalk Global Academy. In light of the increased cost for the renovate-as-new plan, the City's Program Manager and Building Architect have recommended that the construction plan for the Academy be upgraded to new construction. This plan was unanimously approved by the Board of Education on April 23, 2019. The change will add an additional \$1,518,000 to the existing budget shortfalls for the Norwalk Global Academy project. The individual project shortfalls and the additional cost of new construction at Norwalk Global Academy are detailed in **Table 1** below.

Table 1

Project Number	Project Description	Shortfall/New Const. Var.
09-18-5010 5777-C0607	New Columbus at Ely	\$3,488,000
09-19-5010 5777-C0619	Jefferson School 2019	\$5,453,000
09-19-5010 5777-C0618	Norwalk Global Academy	\$4,653,000
09-19-5010-5777-C0618	Norwalk Global Academy (New Const. Variance)	\$1,518,000
Total		\$15,112,000

The capital appropriation shortfalls expose the City to the risk of losing State construction grant funds. Before these projects can proceed, it is necessary to file grant application form SCG-049 with the State of Connecticut's Office of School Construction Grants & Review. This application requires that the total construction budget be fully appropriated at the time of filing. To meet construction deadlines, appropriations will need to be allocated by June 2019.

The Board of Education also requests the reduction or closure of certain existing capital projects to free up appropriated funds in the amount of the construction project shortfalls. Additionally, the City has identified a number of inactive City projects to close. These projects have bonded available balances totaling \$2,484,369. An amount equal to the cost of new construction for the Norwalk Global Academy, \$1,518,000, will be allocated from these balances to the project. As such, these special appropriations will not result in a net increase to the City's authorized debt balances.

The necessary reductions and closures will be made to the existing Board of Education capital projects listed in **Table 2** and **Table 3** below.

Table 2 – Project Reductions

Project #	Project Description	Appropriation Reduction
09-18-5010 5777-C0610	Facilities Master Plan	\$2,444,574
09-19-5010 5777-C0610	Facilities Master Plan	\$7,423,426

09-17-5010 5777-C0585	Facilities Assessment Study IM	\$579,000
Total		\$12,447,000

Table 3 – Project Closure

MEMORANDUM

DATE: April 25, 2019

TO: Harry W. Rilling, Mayor

FROM: *SA* Steven Adamowski, Superintendent of Schools

RE: Special Capital Appropriations and Reallocations

As we have discussed, the architects and construction managers overseeing construction of the Board's Facilities Improvement Plan have advised us of projected budget shortfalls relative to the amount allocated in several of major school construction projects, including the New Columbus School at Ely, the Jefferson School renovation-as-new project, and the Norwalk Global Academy (46 Concord Street) project. The cost estimates indicate that the shortfalls in these projects are as noted in Table 1 below.

In addition, the City's Program Manager and building architect have recommended that the City construct a new building at the 46 Concord Street site for the Norwalk Global Academy rather than renovating the existing building as originally planned. On April 23, 2019, the Board of Education unanimously approved that recommendation, which is incorporated in the attached special capital appropriation request. Also at this meeting of April 23, 2019, the Board directed the Project Manager to work with architects to design the facade of the new school to conform to the architecture of the existing neighborhood consistent with the current 1936 building. The gross cost differential between a renovate-as-new vs. new building is only \$1,518,000, and there are substantial advantages to new construction, including long term operating cost, particularly energy consumption. The architects have prepared the attached summary of the advantages of new construction compared to renovation, and they believe that the advantages greatly outweigh the modest additional cost. After considering the fact that State reimbursement on new construction would be approximately \$1.6 million lower than the anticipated reimbursement on a renovate-as-new project, the net impact to the City of the new construction option is approximately \$3.1 million more than the renovate-as-new option.

TABLE 1

<u>Project Name</u>	<u>Renovate-as-New Option</u>	<u>New Construction Option – Norwalk Global Academy</u>
New Columbus School at Ely (Project C0607)	\$3,488,000	\$3,488,000
Jefferson School (Project C0619)	\$5,453,000	\$5,453,000
Norwalk Global Academy (Project C0618)	<u>\$4,653,000</u>	<u>\$6,171,000</u>
TOTAL	\$13,594,000	\$15,112,000

Special Capital Appropriations and Reallocations
April 25, 2019
Page 2 of 2

In order to advance these projects with the State of Connecticut and file the SCG-049 forms for these projects with the State, the full amount of money necessary to proceed with these projects must be appropriated by June 2019. The State requires us to demonstrate that the funds necessary to proceed with the project are available at the time that we file the SGC-049. Therefore, we are requesting three special capital appropriations in the amounts noted above for these three projects, totaling \$15,112,000.

In order to secure the necessary funding while limiting the increase in the overall capital authorizations, the Board of Education is requesting that the City reallocate existing Board of Education capital appropriations as outlined below. After these reallocations, the net overall increase to the authorized appropriation for Board of Education capital projects totals \$1,518,000. Table 2 below details the proposed reductions to the existing capital authorizations.

TABLE 2

<u>Sources of Funding</u>	<u>Original Plan</u>	<u>New Construction Option – Global Academy</u>

ACTION REQUESTED:

1. Authorize a special capital appropriation to the New Columbus At Ely Project (#C0607) in the amount of \$3,488,000;
2. Authorize a special capital appropriation to the Jefferson School Project (C0619) in the amount of \$5,453,000;
3. Authorize a special capital appropriation to the Norwalk Global Academy Project (#C0618) in the amount of \$6,171,000;
4. Reduce the capital appropriations for the above-noted capital projects by the amounts noted, totaling \$13,594,000;

RENOVATE AS NEW OF EXISTING BUILDING

Site Circulation

Pros

Improve circulation of parent drop off so students do not have to cross vehicular traffic when loading and unloading.

There is no impact on the existing ledge outcropping along the northern edge of the site.

Deliveries relocated to driveway, away from existing parking lot

Cons

Bus traffic will still have to occupy Chestnut St. similar to current condition

The only way to provide additional parking is to add a satellite parking lot by Mulvoy St. and Henry St.

Proximity of the existing building to Chestnut St. and the access drive creates building entrances that are not ADA compliant. A new entrance would need to be provided.

Proposed layout will require a new curb cut at Mulvoy St. and Henry St.

Functionality / Security

Pros

Building additions provide separation of the Cafeteria and Gymnasium that was requested in the education specification.

Renovating the existing building will maintain the character of the neighborhood.

Energy efficient mechanical systems will be provided

Cons

The proposed layout will make it difficult to secure the building for evening events due to the distance location of the parking lot, gymnasium and cafeteria.

Separation of the parking lots results in additional security concerns.

New systems would be located in existing mechanical spaces which would prove to be oversized for the equipment needs.

Required additions increase the overall size of the building above the eligible space standards for State reimbursement.

Building layout does not provide proper separation of loud assembly spaces from the education spaces.

Reclaiming square footage from the existing oversized corridors could increase the classrooms and support spaces, but would not help in reducing the overall size of the building and the required additions.

NEW CONSTRUCTION

Site Circulation

Pros

All parent and bus traffic will be off of Chestnut St. with new proposed layout.
Proposed layout increases the size of the existing parking lot and reuses the existing curb cut.

There is no impact on the existing ledge outcropping along the northern edge of the site.

Proposed layout improves the accessibility for the entry points into the building.

Parking lot expanded to accommodate deliveries.

Cons

Proposed layout will require a new curb cut at Mulvoy St. and Henry St.

Functionality / Security

Pros

Building additions provide separation of the Cafeteria and Gymnasium that was requested in the education specification.

The style of the new building can match the context of the existing neighborhood.

Proposed layout of the new building makes it easier to secure the building for night events.

Entry points can be ideally located to provide increased security.

Proposed school size is within eligible space standards for State reimbursement.

Proposed layout improves the interior circulation.

Proposed layout fully separates the loud assembly spaces from the educational spaces.

A new plan will allow for modern educational spaces, designed to meet 21st century needs and teaching methods.

Classrooms can be efficiently designed to a common space standard which promotes equality amongst all spaces.

The building envelope can be designed to meet the current Energy Code.

Energy efficient mechanical systems will be provided within appropriately-sized spaces.

More opportunities for integrating sustainable design and reducing energy usage.

Less long-term maintenance needs.

Cons

MEMORANDUM

DATE: May 6, 2019
TO: The Members of the Board of Estimate & Taxation
The Members of the Planning Commission
The Members of the Common Council
FROM: Harry Rilling, Mayor *Harry W. Rilling*
RE: Board of Education Special Capital Appropriation

Attached is a request from the Board of Education in the amount of \$15,112,000 to fund construction budget shortfalls and a change in construction methodology for Norwalk Global Academy at 46 Concord Street from renovate-as-new to new construction. The Board of Education's construction managers recently revised construction expenditure budgets for three of the BOE's major construction projects. Their estimates revealed total project shortfalls of \$13,594,000. Additionally, the City's program Manager and building architect have recommended constructing a new building at the 46 Concord Street site at an additional cost of \$1,518,000. On April 23, 2019 the Board of Education unanimously approved the recommendation.

In order for the Board of Education to meet construction grant requirements and deadlines, these projects will need special capital appropriations in the amounts listed below by June 2019.

Project Number	Project Description	Shortfall/New Const. Cost
09-18-5010 5777-C0607	New Columbus School at Ely	\$3,488,000
09-19-5010 5777-C0619	Jefferson School 2019	\$5,453,000
09-19-5010 5777-C0618	Norwalk Global Academy	\$4,653,000
09-19-5010 5777-C0618	Norwalk Global Academy	\$1,518,000
Total		\$15,112,000

The Chief Financial Officer for the Board of Education and the City's Management & Budgets Director have provided additional details on these shortfalls along with their financing strategy to fund the appropriations in the most feasible and economical manner.

ACTION REQUESTED:

1. RESOLUTION: Authorize special capital appropriation totaling \$3,488,000 to increase the available balance in Board of Education account 09-18-5010-5777-C0607 to fund construction budget shortfalls for the Columbus at Ely Project and authorize the issuance of \$3,488,000 General Obligation Bonds of the City to fund said appropriation.

RESOLUTION MAKING APPROPRIATIONS FOR VARIOUS
PUBLIC IMPROVEMENTS AGGREGATING \$52,508,000 FOR
THE 2019-2020 CAPITAL BUDGET AND AUTHORIZING THE
ISSUANCE OF \$52,508,000 GENERAL OBLIGATION BONDS
OF THE CITY TO MEET CERTAIN APPROPRIATIONS IN THE
2019-2020 CAPITAL BUDGET.

RESOLVED:

Section 1. Appropriations aggregating \$52,508,000 are hereby made by the City of Norwalk, Connecticut (the "City") for each subtotal set forth opposite the City's departments and entities (herein collectively "Departments") attached hereto as Exhibit A. Each Departmental subtotal shall constitute an appropriation to meet the estimated costs of the projects or purposes (the "Projects") specified for each Department, respectively, as attached on Exhibit A.

Section 2. To meet such portion of the appropriation for each Department not funded from other sources, a maximum of \$52,508,000 bonds of the City are hereby authorized to be issued to fund the Projects in the amounts set forth on Exhibit B attached hereto.

Section 3. Said bonds may be issued and sold, subject to final approval by the Committee (as defined and described below) in one or more series as determined by the Director of Finance in an amount necessary to meet the City's share of the cost of the Projects determined after considering the estimated amount of State and Federal grants-in-aid of the Projects, or the actual amounts thereof if this be ascertainable, and the anticipated times of the receipt of the proceeds thereof, provided that the total amount of bonds to be issued shall not be less than an amount which will provide funds sufficient with other funds available for such purpose to pay the principal of and the interest on all temporary borrowings in anticipation of the receipt of the proceeds of said bonds outstanding at the time of the issuance thereof, and to pay for the administrative, financing, legal and other costs of issuance of such bonds. Subject to final approval by the Committee, the bonds of each series shall mature not later than the maximum maturity permitted by the General Statutes of Connecticut, as amended from time to time (the "Connecticut General Statutes"), and may be issued subject to earlier redemption by the City. The bonds of each series shall be in the denomination of \$1,000 or a whole multiple thereof, be issued in fully registered form, be executed in the name and on behalf of the City by the manual or facsimile signatures of the Mayor, Comptroller and the Director of Finance, bear the City seal or a facsimile thereof, be payable at a bank or trust company designated by the Director of Finance, be certified by such bank or trust company, which bank or trust company may also be designated as the registrar and transfer agent, and be approved as to their legality by Pullman & Comley, LLC, Attorneys at Law. The bonds shall be general obligations of the City and each of the bonds shall recite that every requirement of law relating to its issue has been duly complied with, that such bond is within every debt and other limit prescribed by law, and that the full faith and credit of the City are pledged to the payment of the principal thereof and the interest thereon. The Common Council hereby delegates to the Mayor and the Director of Finance, subject to the final approval of the President of the Common Council, the Majority Leader of the Common Council, the Minority Leader of the Common Council, and the Chairman of the Finance Committee of the Common Council, or any two of them (the "Committee"), the authority to determine the number of series to be issued, the principal amount of the bonds of each series to be issued, the annual installments of principal, redemption provisions, if any, and other terms, details and particulars of

such bonds including the rate or rates of interest payable thereon and the terms of any purchase agreement executed in connection with the sale of the bonds in a negotiated underwriting.

Section 4. Said bonds shall be sold by the Mayor and Director of Finance in a competitive offering or by negotiation, in their discretion. If sold in a competitive offering, the bonds shall be sold at not less than par and accrued interest on the basis of the lowest net or true interest cost to the City. If the bonds are sold by negotiation, the purchase agreement shall be signed by the Mayor and the Finance Director, subject to the final approval by the Committee. The Mayor and the Director of Finance are authorized to prepare and distribute preliminary and final Official Statements of the City for use in connection with the offering and sale of any bonds.

Section 5. The Mayor and the Director of Finance are authorized to make temporary borrowings in anticipation of the receipt of the proceeds of said bonds. Notes evidencing such borrowings shall be in such denominations, bear interest at such rate or rates and be payable at such time or times as shall be determined by the Mayor and the Director of Finance, be executed in the name of the City by the manual or facsimile signatures of the Mayor and the Director of Finance, have the City seal or a facsimile thereof affixed, be certified by a bank or trust company designated by the Director of Finance, and be approved as to their legality by Pullman & Comley, LLC as bond counsel. Such notes shall be issued with maturity dates which comply with the provisions of the Connecticut General Statutes governing the issuance of such notes, as the same may be amended from time to time. The notes shall be general obligations of the City and each of the notes shall recite that every requirement of law relating to its issue has been duly complied with, that such note is within every debt and other limit prescribed by law, and that the full faith and credit of the City are pledged to the payment of the principal thereof and the interest thereon. The net interest cost on such notes, including renewals thereof, and the expense of preparing, issuing and marketing them, to the extent paid from the proceeds of such renewals or said bonds, shall be included as a cost of the capital improvements for the financing of which said notes were issued. Upon the sale of the bonds, the proceeds thereof, to the extent required, shall be applied forthwith to the payment of the principal of and the interest on any such notes then outstanding or shall be deposited with a bank or trust company in trust for such purpose.

Section 6. In connection with the issuance of any bonds or notes authorized herein, the City may exercise any power delegated to municipalities pursuant to Section 7-370b, as may be approved and executed by the Mayor and the Director of Finance, including the authority to enter into agreements moderating interest rate fluctuation, provided any such agreement or exercise of authority shall be subject to final approval by the Committee.

Section 7. To meet any portion of the costs of such projects determined by the State of Connecticut Department of Energy and Environmental Protection to be eligible for funding under Section 22a-475 et seq. of the Connecticut General Statutes, as the same may be amended from time to time (the "Clean Water Fund Program"), the City is authorized and may issue interim funding obligations in anticipation of project loan obligations and project loan obligations ("Clean Water Fund Obligations") in such denominations as the Mayor and Director of Finance shall determine. The Mayor and Director of Finance are hereby authorized to determine the amount, date, maturity, interest rate, form and other details and particulars of such Clean Water Fund Obligations, subject to the provisions of the Clean Water Fund Program, and the Mayor, Director of Finance and Treasurer are authorized to execute and deliver the same. Said Clean Water Fund

Obligations shall be secured as to both principal and interest by (i) a pledge of revenues to be derived from sewage system use and/or connection charges, benefit assessments, or both, (ii) the full faith and credit of the City, or (iii) any combination of (i) and (ii) above. The Mayor is hereby authorized to execute and deliver to the State in the name of and on behalf of the City Project Loan and Project Grant Agreements under the Clean Water Fund Program.

Section 8. Any appropriation, or portion thereof, not required, in the determination of the Common Council, for any Department set forth in Section 1, may be transferred by resolution of the Common Council to any other Department of the City.

Section 9. The City hereby expresses its official intent pursuant to §1.150-2 of the Federal Income Tax Regulations, Title 26 (the "Regulations"), to reimburse expenditures paid sixty days prior to and any time after the date of passage of this resolution in the maximum amount and for the Projects with the proceeds of bonds, notes, or other obligations ("Tax Exempt Obligations") authorized to be issued by the City. The Tax Exempt Obligations shall be issued to reimburse such expenditures not later than 18 months after the later of the date of the expenditure or the substantial completion of the Projects, or such later date the Regulations may authorize. The City hereby certifies that the intention to reimburse as expressed herein is based upon its reasonable expectations as of this date. The Director of Finance or his designee is authorized to pay project expenses in accordance herewith pending the issuance of Tax Exempt Obligations. The Director of Finance is authorized to amend such expression of official intent to bind the City pursuant to such changes he deems necessary or advisable to maintain the continued exemption from federal income taxation of interest on the Tax Exempt Obligations.

Section 10. The Mayor and Director of Finance are hereby authorized, on behalf of the City, to enter into agreements or otherwise covenant for the benefit of bondholders to provide information on an annual or other periodic basis to the Municipal Securities Rulemaking Board (the "MSRB") and to provide notices to the MSRB of material events as enumerated in Securities and Exchange Commission Exchange Act Rule 15c2-12, as amended, as may be necessary, appropriate or desirable to effect the sale of the bonds and notes authorized by this resolution. Any agreements or representations to provide information to the MSRB made prior hereto are hereby confirmed, ratified and approved.

Section 11. The Mayor and Director of Finance are hereby authorized, on behalf of the City, to enter into any other agreements, instruments, documents and certificates, including tax and investment agreements, for the consummation of the transactions contemplated by this resolution. The Mayor is hereby authorized, on behalf of the City, to apply for and accept any and all Federal and State loans and/or grants-in-aid of the Projects, to expend said funds in accordance with the terms hereof, and in connection therewith to contract in the name of the City with engineers, contractors and others.

Re: Special Capital Appropriation To Refund First Taxing District For Overpayments To City Per Bond Agreement And Approval To Refinance Bond Payments

Dear Mr. Chairman and Board Members:

The City of Norwalk (the "City") and the First Taxing District (the "District") entered into a Loan Agreement and Security Agreement by and between the City and the District, dated December 1, 2010 (the "Agreement"), whereby the City agreed to make certain loans to the District, and the City further agreed to issue general obligation bonds to finance loans. To evidence such loans, the District gave the City the District Bond, dated December 20, 2010. The City made three loans to the District under the Agreement, and the City financed the loan that is the subject of this request to the District in the amount of \$4,585,000, at an interested rate of **3.43%**. The intent of the deal was that the District would pay the City the same rate that the City was paying on the money it bonded. Therefore, when the deal was first entered into the City was paying 3.43% interest on the underlying bonds so that was the rate of interest that the District paid the City. Section 2.1 of the Agreement states that the interest rate on the loan "shall be equal to the interest rate of the Bonds which are issued to finance such loan." Attached hereto as **Exhibit 1** for your reference please find the initial Memorandums from the Mayor and Finance Director in 2010 describing the proposed transaction, along with the enclosed resolution for approval of the bonds.

In addition to the interest payments, the District paid all of the City's initial administrative costs of approximately \$70,000, which included work from outside bond counsel for both the City and District. The District also paid the City a \$320,500 administrative fee for processing the bonds for the District.

In September 2015 the City refinanced its bonds, which included the subject loan to the District. As a result of the City's bond refinancing in September 2015, the City's underlying bonds which financed the loan to the District had the interest rate reduced from **3.43% to 2.64%**. On October 1, 2015, the District issued a written request to the City to revise interest payments to **2.64%** in accordance with the new interest rate that the City was paying for its underlying bonds. The previous Finance Director and other City officials discussed the request

with the District back in 2016; however, a formal request to approve the District's request was never submitted to the BET and Council for approval. The District recently resubmitted its request and the Mayor and Council leadership have agreed to now move this request forward for approval. The Mayor and I have had multiple meetings with the District regarding this request and we both respectfully recommend your approval since the initial intent of the agreement between the City and District was not for the City to make a profit on the bonds that it issued to finance the loan to the District. Furthermore, the District already paid all of the costs associated with the underlying transaction, and the City even obtained an administrative fee of \$320,500 for processing the bond/loan on behalf of the District.

Please note that the District is requesting that since this proposal could have been approved back in late 2015 but was never brought forward that the City agree to retroactively apply the lower interest rate back to payments starting in October 2015. There are 44 monthly payments from October 2015 to May 2019. The total difference in overpaid interest (based on 2.64% instead of 3.43%) is \$93,798.58. Attached hereto for your reference as **Exhibit 2** is an amortization schedule (prepared by Angela Fogel, Director of Management and Budget) showing how the total credit was calculated.

Ms. Fogel suggested that the most practical manner to apply the credit would be to reduce the balance of the loan before the June 2019 payment by the \$93,798.58 amount of the previous overpayment so that the new loan balance starting with the June 2019 payment will be \$2,714,513.61, as shown on the amortization schedule which is attached hereto as **Exhibit 3**. As a result of the reduced loan balance and new interest rate of 2.64%, the monthly payments starting in June 2019 will be reduced as shown on **Exhibit 3**.

I respectfully request your approval for a special appropriation of \$93,798.58 to be applied as a credit (not a refund) to the District for future loan payments as shown on **Exhibit 3**. I further request your approval to reduce the interest rate of the subject loan from 3.43% to 2.64% as shown on **Exhibit 3**.

Please note that District's attorney, Frank Murphy, will be attending your meeting to provide a brief presentation and to answer any questions. Please do not hesitate to contact me if you have any questions or if I could provide you with any further information. Thank you for your consideration of this proposal.

Very truly yours,

Re: Special Capital Appropriation – First District Water Department

As explained in the attached back up material, we have received a request for an \$8,585,000 special capital appropriation from the First Taxing District Water Department, so that the District can finance a portion of their planned capital improvements program through the City. This will allow the District to realize lower interest costs on this transaction than would be possible if they were to finance this on their own and to pass those savings on to the ratepayers of the First District Water Department.

All costs associated with this transaction will be paid by the First District Water Department, including principal, interest, cost of issuance, and an annual administrative fee payable to the City while bonds are outstanding. The City is structuring the loan agreement between the City and the District to incorporate several levels of security, including a requirement that the District fund a debt service reserve fund, and establish a mechanism to intercept District revenues to ensure that bond holders are repaid.

I recommend approval of this special appropriation and bond resolution.

RE: Proposed Authorization to Issue Bonds on Behalf of the First Taxing District

Attached is a special capital appropriation and bond resolution in the amount of \$8,585,000. The purpose of this resolution is to permit the First Taxing District to "piggyback" on the City's favorable bond rating and to allow the First Taxing District and their rate-payers to realize interest savings on borrowings that the District plans to undertake in order to finance capital improvements to infrastructure owned and operated by the First District.

While the First District has the legal authority to issue their own bonds, in practice they have generally financed capital improvements from operating cash, and have not exercised this bonding authority. Until recently, this was workable because the District's capital needs were rather modest. However, the District now has capital needs projected over the next five years to cost \$18,755,000, including a mandate to fund safety repairs to two dams, replace undersized water mains, and improve fire flows. A summary schedule of the District's five-year capital plan is attached. The District is seeking to issue debt to cover \$8,585,000 of this amount, and will finance the remaining portion incrementally from annual operating revenues of the District.

The First District is currently not rated by the major rating agencies, and the expense associated with bringing an inaugural issue to market would be considerable, and the interest rate they would likely achieve in the market would be higher than the rate the City enjoys, because they are not a well-known issuer like the City. The District has requested, therefore, that the City allow the District to "piggyback" on the City for purposes of this financing. The District would be responsible for repaying all principal and interest to the City. In the past, the City has allowed the Sixth Taxing District to do essentially the same thing, albeit the amounts of money involved have been considerably less (the most recent such example was last year, when the Sixth District financed a \$300,000 fire truck through the City). In addition, the City has allowed the Oak Hills Park Authority to make use of the City's bonding capacity for their capital projects.

While the primary beneficiary of this transaction is the First Taxing District, there are some reasons that the City should consider entertaining it. First, our taxpayers and the First Taxing District's water customers are largely one and the same. If the First District borrows the funds

on their own and incurs higher interest costs as a result, it is Norwalk's citizens and property owners who will bear the burden of the higher interest costs in their water bills. By agreeing to this transaction, the City will be helping the District keep water rates lower than would otherwise be the case for customers of the First District Water Department.

Furthermore, the largest of these capital projects (dam rehabilitation to meet safety requirements) serves to protect downstream property, much of which lies in Norwalk. And, of course, the funds that will be used to improve fire flows also has a direct bearing on the City Fire Department's capability to deliver fire suppression services and protect public safety.

Prior to the issuance of any notes or bonds, the resolution requires that a loan agreement between the City and the First District be executed. This loan agreement will provide that the District pledge its full faith and credit to secure the loan, and it will further require that a lien be established on revenues of the District to secure repayment. The First District will be required to establish a debt service reserve fund equal to one year of principal and interest, and establish a mechanism to intercept revenues to ensure that this debt service reserve fund remains fully funded. The debt service reserve fund will be held by a third party custodian bank, and the intercept mechanism will also be administered by a third party bank. With these security features in place, the likelihood of a default by the District is remote.

In addition, the City and the District have agreed that the District will not only pay principal, interest, and cost of issuance on this obligation, but they will also pay to the City an annual administrative fee equal to 35 basis points on the balance of any debt outstanding. Over the twenty-year life of the bond issue, this fee is projected to generate approximately \$300,000 of revenue for the City. The City's financial advisors have reviewed this transaction and have advised us that they do not believe that entering into this transaction will have a negative impact on the City's bond rating or debt capacity. While \$8.5 million is not a trivial amount of money, it is not enough to materially alter any of the debt ratio metrics used by rating analysts. Moreover, if the First District were to issue stand-alone debt, this would be considered "overlapping" debt of the City anyway.

Attached is a resolution, prepared by City bond counsel, appropriating \$8,585,000 for capital projects of the First Taxing District and authorizing the issuance of City bonds to meet this appropriation. These obligations will represent general obligations of the City, but I am confident that the City will not be called upon to assume payment of the obligations. I believe that the benefit to the customers of the First District Water Department—who are primarily Norwalk residents and businesses—outweighs any remote risk that the transaction could theoretically pose to the City, and the administrative fee we will be charging adequately compensates the City for that risk.

RE: Update on Bond Resolution and Loan Agreement with First District

At the last Finance Committee meeting, we presented a Special Capital appropriation, bond resolution and draft loan agreement between the City of Norwalk and the First District Water Department. The purpose of these documents is to permit the First District Water Department to "piggyback" on the City's favorable bond rating, so that they can finance necessary capital improvements to their infrastructure at the lowest possible interest rates. This will allow the District to save interest expense, and pass those savings onto their water customers, most of whom are residents and taxpayers of the City of Norwalk.

The item was tabled at the last meeting, because the City and the District had not yet completed negotiations on all aspects of the security pledge that the District would be making under the loan agreement. These negotiations have now been completed, and a revised loan agreement is attached. The City was represented by City bond counsel, Robinson and Cole, in these negotiations. The loan agreement provides the City with a variety of elements to secure the repayment of this obligation of the First District. Among the important security features included in this agreement are the following:

- The First District is pledging its full faith and credit to the repayment of this obligation with the District granting the City a continuing first priority security interest in all of the Gross Revenues of the District;
- The District is required to fund a Debt Service Reserve Fund equal to one year of principal and interest. The Debt Service Reserve Fund will be established, held, and maintained by the City;
- The District is required to make monthly payments into a Debt Service Fund established and held by the City. These monthly payments will be based on 1/12 of the principal next due on the loan, and 1/6 of the interest next due (the loan is structured with an annual principal payment, and biannual interest payments).
- The District is required to enter into a "Control Agreement" with their bank or any subsequent bank into which they deposit their Gross Receipts. In the event of a default under the loan agreement, this Control Agreement gives the City the right to intercept the Gross Receipts of the District to cure an event of default.

In addition, the loan agreement provides that the City will charge the District an annual administrative fee equal to 35 basis points on the outstanding loan balance. The District will pay for any fees or expenses related to issuance of the bond and loan agreement, and a proportionate share of the cost of issuance incurred by the City.

I believe that the City is well protected by this loan agreement, and I am satisfied that approving this Special Capital Appropriation and bond resolution is in the best interest of the taxpayers of the City of Norwalk.

RESOLUTION APPROPRIATING \$8,585,000 FOR CAPITAL
PROJECTS OF THE FIRST TAXING DISTRICT AND
AUTHORIZING THE ISSUANCE OF \$8,585,000 BONDS OF
THE CITY TO MEET SAID APPROPRIATION AND PENDING
THE ISSUANCE THEREOF THE MAKING OF TEMPORARY
BORROWINGS FOR SUCH PURPOSE

RESOLVED:

Section 1. The sum of \$8,585,000 is appropriated for the financing of certain capital projects of the First Taxing District (the "District") approved by the District for the fiscal years ending June 30, 2011 and June 30, 2012, including rehabilitation of Browns Dam and Grupes Dam, transmission and water main improvements, and related water department improvements, as set forth in the District's Capital Improvement Plan and for administrative, printing, legal and financing costs related thereto.

Section 2. To meet said appropriation \$8,585,000 bonds of the City or so much thereof as shall be necessary for such purpose are authorized to be issued in one or more series as determined by the Mayor and the Director of Finance, provided that the total amount of bonds to be issued shall not be less than an amount which will provide funds sufficient with other funds available for such purpose to pay the principal of and the interest on all temporary borrowings in anticipation of the receipt of the proceeds of said bonds outstanding at the time of the issuance thereof, and to pay for the administrative, printing and legal costs of issuing the bonds. The bonds shall be in the denomination of \$5,000 or a whole multiple thereof, mature not later than the twentieth year after their date, be issued in fully registered form, be executed in the name and on behalf of the City by the manual or facsimile signatures of the Mayor, Comptroller, City Clerk and Director of Finance, bear the City seal or a facsimile thereof, be payable at a bank or trust company, be certified by a bank or trust company, which bank or trust company may also be designated the registrar and transfer agent, and be approved as to their legality by nationally recognized bond counsel. The bonds shall be general obligations of the City and each of the bonds shall recite that every requirement of law relating to its issue has been duly complied with, that such bond is within every debt and other limit prescribed by law, and that the full faith and credit of the City are pledged to the payment of the principal thereof and interest thereon. The aggregate principal amount of each series of bonds to be issued, the annual installments of principal, redemption provisions, if any, the certifying, registrar and transfer agent and paying agent, the date, time of issue and sale and other terms, details and particulars of such bonds including approval of the rate or rates of interest payable thereon shall be determined by the Common Council, or such other persons as the Council shall designate, in accordance with the General Statutes of the State of Connecticut, as amended. Prior to the issuance of any notes or bonds under this resolution, the District and the City shall enter into a loan agreement (and security agreement) (the "Agreement") for the payment of the principal of and interest on such notes or bonds including any administrative and related fees and costs of issuance payable to the City. The District's Agreement shall be secured by the full faith and credit of the District and a lien on certain revenues of the District, including, without limitation, water service charges and fire service charges. The Mayor and the Director of Finance are hereby

authorized to execute and deliver on behalf of the City, the Agreement and other related documents and their signatures thereon shall evidence their approval of the Agreement and any other related documents.

Section 3. Said bonds shall be sold by the Mayor in a competitive offering or by negotiation, in his discretion. If sold in a competitive offering, the bonds shall be sold at not less than par and accrued interest on the basis of the lowest net or true interest cost to the City. A notice of sale or a summary thereof describing the bonds and setting forth the terms and conditions of the sale shall be published at least five days in advance of the sale in a recognized publication carrying municipal bond notices and devoted primarily to financial news and the subject of state and municipal bonds. If the bonds are sold by negotiation, the purchase agreement shall be subject to the approval of the Common Council, or such other persons as the Council shall designate.

Section 4. Subject to the requirements of this resolution, the Mayor and Director of Finance are authorized to make temporary borrowings in anticipation of the receipt of the proceeds of said bonds. Notes evidencing such borrowings shall be signed by the Mayor and Director of Finance, have the seal of the City affixed, be payable at a bank or trust company designated by the Director of Finance, be approved as to their legality by Robinson & Cole LLP, Attorneys-at-Law, of Hartford, and be certified by a bank or trust company designated by the Director of Finance pursuant to Section 7-373 of the General Statutes of Connecticut, as amended. They shall be issued with maturity dates which comply with the provisions of the General Statutes governing the issuance of such notes, as the same may be amended from time to time. The notes shall be general obligations of the City and each of the notes shall recite that every requirement of law relating to its issue has been duly complied with, that such note is within every debt and other limit prescribed by law, and that the full faith and credit of the City are pledged to the payment of the principal thereof and the interest thereon. The net interest cost on such notes, including renewals thereof, and the expense of preparing, issuing and marketing them, to the extent paid from the proceeds of such renewals or said bonds, shall be included as a cost of the project described in Section 1. Upon the sale of the bonds, the proceeds thereof, to the extent required, shall be applied forthwith to the payment of the principal of and the interest on any such notes then outstanding or shall be deposited with a bank or trust company in trust for such purpose.

Section 5. The City hereby expresses its official intent pursuant to §1.150-2 of the Federal Income Tax Regulations, Title 26 (the "Regulations"), to reimburse expenditures paid sixty days prior to and anytime after the date of passage of this resolution in the maximum amount and for the project described in Section 1 with the proceeds of bonds or notes authorized to be issued by this resolution. The bonds or notes shall be issued to reimburse such expenditures not later than 18 months after the later of the date of the expenditure or the substantial completion of the project, or such later date the Regulations may authorize. The City hereby certifies that the intention to reimburse as expressed herein is based upon its reasonable expectations as of this date. The Director of Finance or his designee is authorized to pay project expenses in accordance herewith pending the issuance of the bonds or notes.

Section 6. The Mayor and Director of Finance are hereby authorized, on behalf of the City, to enter into agreements or otherwise covenant for the benefit of bondholders to provide

information on an annual or other periodic basis to nationally recognized municipal securities information repositories or state based information repositories (the "Repositories") and to provide notices to the Repositories of material events as enumerated in Securities and Exchange Commission Exchange Act Rule 15c2-12, as amended, as may be necessary, appropriate or desirable to effect the sale of the bonds and notes authorized by this resolution. Any agreements or representations to provide information to Repositories made prior hereto are hereby confirmed, ratified and approved.

Section 7. (a) The City hereby establishes a program (the "Program") of originating or acquiring program loans pursuant to Chapter 98 of the General Statutes of Connecticut, Revision of 1958, as amended, for the purpose of making "program investments" (as defined in Section 1.148-1 of the Regulations) ("Program Loans") for governmental purposes, including loans to the District for the governmental purposes described in Section 1 above;

(b) At least ninety-five percent (95%) of the proceeds of the Program Loans or the cost of acquiring Program Loans represents one or more loans to: (i) a substantial number of persons representing the general public; (ii) States or political subdivisions; (iii) organizations exempt from taxation under Section 501(c)(3) of the Code; (iv) persons who provide housing and related facilities; or (v) any combination of (i), (ii), (iii) or (iv) of this subsection;

(c) At least ninety-five percent (95%) of the receipts from the Program Loans are used to pay principal, interest or redemption prices on bonds that finance the Program ("Program Bonds"), to pay or reimburse administrative costs of Program Bonds or the Program, to pay or reimburse anticipated future losses directly related to the Program, to finance additional Program Loans, or to redeem or retire governmental obligations at the next earliest possible date of redemption;

(d) Contracts, instruments and other documents executed in connection with a Program Loan prohibit the District, and any "related party" (as defined in the Treasury Regulations) to the District, from purchasing Program Bonds in an amount related to the District's Program Loan; and

(e) The City shall not waive its right to treat a Program Loan as a "program investment" under the Regulations unless so indicated in writing in the Tax Regulatory Agreement or other certificate of the City regarding the tax aspects of issuing a Program Bond.

Section 8. This resolution shall take effect upon its approval by the Common Council.

March 2019 Financial Commentary

Balance Sheet

Cash is higher than the prior year by \$8k offset by \$30k higher bank loan and \$66k lower Accounts Receivable. This leaves us at a net deficit cash position of \$88k. Oak Hills park received an \$83k reimbursement from the City of Norwalk in February which was used to fund payroll and pay some operating expenses.

March Month vs Prior Year Month

Golf Revenue is higher than the prior year month by \$12k; restaurant revenue is \$2k higher.

Personnel and employee benefits expenses are \$1k lower than prior year month made up lower Course Personnel (\$3k) offset by higher Operations department (\$2k).

Administrative expenses are up \$3k driven by increased utilities due to the new Clubhouse this year as well as liability insurance which due to rising premiums.

Park Maintenance is \$6k lower than prior year month driven by lower Ag&Chem (\$3k) and Grounds maintenance and supplies (\$3k).

Cart Expenses are \$2k higher than the prior year month mainly due to property taxes charged for our cart fleet.

Operating Income is \$15k higher than the prior year month attributable to favorable revenue of \$14k and favorable expenses of \$1k.

March YTD vs Prior YTD

Golf Revenue is lower by \$88k year over year for the nine month period attributable to poor weather over this past summer, as well as lower Other Revenue of \$52k due to loss of restaurant rent and lower tennis rent.

Personnel and employee benefits expenses are lower by \$25k with a \$2k increase in Management; \$4k increase in Operations and a \$22k decrease in Course Personnel.

Administrative expenses are down by \$3k driven by last year's bad debt expense (\$15k) for restaurant rent not paid, offset by a \$12k increase in utilities.

Sales & Operations is \$9k higher driven by repairs and maintenance on the Clubhouse and restaurant equipment.

Park Maintenance is \$25k lower driven by lower water (\$20), building maint (\$7k), and equipment maint (\$3k) offset by more Ag&Chem (\$4k) utilized due to rainy, humid weather.

Cart expenses are lower by \$3k.

Operating Income is lower than the prior year by \$94k due to unfavorable revenue of \$140k and favorable expenses of \$47k.

Budget Comparison YTD

The YTD Revenue is below budget by \$14k driven mainly by membership revenue.

Personnel and employee benefits expenses are \$12k lower compared to budget with Operations going \$3k over-budget offset by Course Personnel coming in \$12k under-budget, along with health insurance and payroll taxes coming in \$3k under-budget.

Administrative expenses are over budget by \$2k due to higher utility expenses.

Sales & Operations are under budget by \$3k as.

Park Maintenance is under budget by \$22k due mostly to underspending on water (\$9k), building maint (\$5k) and equipment maint (\$6k).

Cart Expenses are \$5k over budget due to property taxes owed on the leased equipment that was not expected.

Operating Income is \$15k higher than the budget for the nine month period. Unfavorable revenue of \$14k and favorable expenses of \$29k.
